Sokoto Caliphate:

The Sokoto Caliphate Murray Last,1967 *Warfare in the Sokoto Caliphate* Joseph P. Smaldone,2008-11-03 The successful jihad of 1804 in Hausaland perhaps the most important Islamic revolution in West African history with consequences still apparent in Nigeria today resulted in the establishment of the Sokoto Caliphate the largest and most enduring West African polity in the nineteenth century The book is a full length study of traditional Sudanic military history and an authoritative analysis of warfare in its most prominent Islamic state After a brief survey of the evolution of Sudanic warfare and military organisation before 1800 Dr Smaldone examines the historical development and sociological implications of the two important revolutions in military technology which occurred in the nineteenth century the adoption of cavalry during the jihad period and the introduction of firearms in the latter half of the century He argues that these two revolutions were causal factors in producing two structural transformations in the emirates of the Caliphate first from relatively egalitarian combatant communities to feudal systems and then to centralised bureaucratic state organisations

[The Sokoto Caliphate: History, economy and society](#) H. Bobboyi,Mahmood Yakubu,2006 *Sokoto Caliphate* Linda Hill,AI,2025-03-19 Sokoto Caliphate explores the rise and influence of this 19th century West African Islamic state Emerging from a revolutionary religious movement led by Usman dan Fodio the Caliphate became a major political and economic force in the Sahel region before European colonialism The book examines how the Caliphate blended Islamic ideals with local African realities creating a unique system of governance For example it wasn't merely a religious movement but a complex political entity integrating diverse populations The book progresses chronologically starting with the socio political context of Hausaland and the grievances that fueled the reformist movement It then details the jihad the establishment of the capital and the appointment of emirs Subsequent chapters delve into the Caliphate's administration Islamic law Sharia economic structures and its participation in trans Saharan trade By examining primary sources and engaging with scholarly debates this book offers a fresh perspective on pre colonial Nigeria and African history emphasizing the agency of African actors

Social Welfare in Muslim Societies in Africa Holger Weiss,2002 In recent decades there has been an increasing attempt by Muslim intellectuals to reflect on the provision of social welfare in Muslim societies in Africa One reason for this is the few if not non-existent possibilities of the states to provide for the basic needs of their subjects a situation that has become painfully evident in most African states not only the Muslim ones However public as well as private provision of social welfare is not a new phenomenon in the Muslim world This book deals with a most important and previously largely overlooked theme In the current situation when economically weak African states have great problems providing social amenities for their people the welfare activities of Islamic and other non-governmental organizations have become especially important This book provides a number of theoretically and in particular empirically interesting and valuable discussions on

various kinds of Muslim social welfare in a number of African countries David Westerlund Associate Professor Faculty of Theology Uppsala University Sweden **A Bibliographical Guide to Sokoto Caliphate Sources** Sulaiman Musa,2004

Displacement and the Politics of Violence in Nigeria Paul Ellsworth Lovejoy,Pat Ama Tokunbo Williams,1997 This volume examines the religious ethnic and class basis of political insecurity in Nigeria that has resulted in the maintenance of military rule in the 1990s Political repression and secular strife have made it difficult for the democratic opposition to end military dictatorship African Spirituality, Politics, and Knowledge Systems Toyin Falola,2022-03-10 Focusing on the three leading religious traditions in Africa African Traditional Religion Islam and Christianity this book shows how belief in the supremacy of sacred words compels actions and influences practices in contemporary Africa Sacred words are taken to mean holy texts as in divination the Quran and the Bible Toyin Falola evaluates how religious leaders engage with sacred words both orally and texts engendering practices that reveal the expression of religious beliefs the impact of those beliefs and the knowledge contained in them Attention is given to the key ideas in the words chosen by religious leaders and how they form a

continuous knowledge system impacting the politics of managing society and people **Unbroken Chains** Martin Plaut,2025-08-28 Slavery has torn apart African societies since at least 2 500 BCE from Egypt to the Cape from Mauritania to Somalia Yet most writing covers just one fraction of this history the horrors of the trans Atlantic slave trade Historians and commentators long neglected the equally sizeable far more protracted phenomenon of Indian Ocean slavery and all but passed over Africa's internal practices from Ethiopian kingdoms enslaving conquered peoples to the Sokoto Caliphate capturing non Muslims on a scale matching that of the US plantations Yet overlooked stories of enslavement matter In 1794 Congress authorised construction of the US Navy's first six ships in response to civilian vessels being seized by North Africa's Barbary corsairs who raided as far as Britain and the Caribbean enslaving hundreds of thousands of Europeans And since abolition of the trans Atlantic trade international concern has moved from traditional to modern forms of slavery leaving Africans enslaved as chattel today with few champions abroad The UN and African Union are too embarrassed to confront the African leaders still permitting this practice Unbroken Chains offers readers a full accessible history of the myriad bondage systems that have devastated African communities over the millennia It is a haunting sensitive powerful read

Africanists' History in the Historiography of the Sokoto Caliphate Hamza Muhammad Maishanu,1989 **Historical Dictionary of Nigeria** Toyin Falola,Oluwafunmiyi Wasiu Raheem,2026-01-08 Focusing on Nigeria this book contains a chronology an introduction and an extensive bibliography and cross referenced dictionary entries Power and Diplomacy in Northern Nigeria, 1804-1906 R. A. Adeleye,1971 **State and Society in the Sokoto Caliphate** Aḥmad Khānī,Kabir Ahmed Gandi,1990 **A History of Nigeria** Toyin Falola,Matthew M. Heaton,2008-04-24 Nigeria is Africa's most populous country and the world's eighth largest oil producer but its success has been undermined in recent decades by ethnic and religious conflict political instability rampant official corruption and an ailing economy Toyin Falola a leading historian

intimately acquainted with the region and Matthew Heaton who has worked extensively on African science and culture combine their expertise to explain the context to Nigeria's recent troubles through an exploration of its pre colonial and colonial past and its journey from independence to statehood. By examining key themes such as colonialism, religion, slavery, nationalism and the economy, the authors show how Nigeria's history has been swayed by the vicissitudes of the world around it and how Nigerians have adapted to meet these challenges. This book offers a unique portrayal of a resilient people living in a country with immense but unrealized potential.
