The Education of Handicapped School Children in Michigan Charles Scott Berry,1926

Teaching Hearing-impaired Children in Regular Classrooms Peter M. Blackwell,1983 This guide is designed to assist regular classroom teachers in helping the hearing impaired child to master the English language It is noted that the hearing impaired population is not homogenous Different factors involved in the decision to place a hearing impaired child in a regular classroom are considered The types of language problems hearing impaired children experience are enumerated including problems with the function and structure of language The need for a comprehensive assessment and the development of an individualized education program for hearing impaired children are highlighted The assessment should include psychological medical audiological and speech and language evaluations conducted by qualified professionals Language programming at the elementary and secondary school levels is discussed with emphasis on the establishment of appropriate goals It is concluded that whatever the reason for placing a hearing impaired student in a regular classroom the task of helping that child move through the difficult process of mastering the English language is a great responsibility RW

Today's Hearing-impaired Child--into the Mainstream of Education Vira J. Froehlinger,1981 **No Limits** Carl B. Williams,2019-08-10 No Limits was written primarily for preservice teachers who plan to work with elementary or secondary students who are deaf and hard of hearing because the content is applicable at all grade levels The preservice teachers who comprise the primary audience for this book are upper level undergraduate students and graduate students enrolled in a course in which methods of teaching students who are deaf and hard of hearing constitute the principal learning outcomes However the book can also serve as a helpful resource for experienced teachers of the deaf and other professionals who work with students with hearing loss Furthermore because of its detailed explanations and abundant examples this book can benefit parents of children with hearing loss who may be seeking strategies for supporting and enhancing school based learning experiences in the home environment
