The Times Index ,2005 Indexes the Times and its supplements **Nietzsche's 'The Antichrist' as Part of and Key to His Unfinished 'Revaluation of All Values'** Thomas H. Brobjer, 2025-11-16 This book focusses on Nietzsche's *Der Antichrist* as the first part of Nietzsche's planned four volume work which was never completed and explores how situating it in this way affects our understanding of *Der Antichrist* and *The Revaluation of All Values* as well as of Nietzsche's late philosophy more generally The book considers what *Der Antichrist* can reveal about the four volume project and its philosophical project of the revaluation of values It examines Nietzsche's other late books his notebooks and his letters in order to better understand the planned four volume work and the philosophical meaning of the revaluation of all values Nietzsche thought deeply about values and this study of his late views 1883-1888 provides insights into value systems more generally Nietzsche's *The Antichrist as Part of and Key to His Unfinished Revaluation of All Values* is essential reading for all scholars researchers and advanced students of Friedrich Nietzsche **The Close Relationship between Nietzsche's Two Most Important Books** T. H. Brobjer, 2023-03-29 This book studies the close relationship between *Thus Spoke Zarathustra* and the unfinished four volume *Revaluation of All Values* that he worked on until shortly before his collapse It is unlikely that he would have returned to and continued *Thus Spoke Zarathustra* but he considered publishing the fourth part which had not yet been published as a bridge between *Zarathustra* and the unfinished *Revaluation of All Values* More importantly during his last years he worked hard on revaluing values often in line with what he had written in *Thus Spoke Zarathustra* This present study performs detailed analyses of Nietzsche's texts and late notes to examine the direction of that unfinished work it will function as a stimulus to further research on the direction interpretation and consequences of Nietzsche's late thought

Shadow of the Third Century Alvin Boyd Kuhn, 2019-01-13 *Shadow of the Third Century A Revaluation of Christianity* first published in 1949 begins with the assertions that a true history of Christianity has never before been written and that the roots of the Christian religion lie in earlier religions and philosophies of the ancient world The author Alvin Boyd Kuhn asserts that Christianity as we know it took the form it did due to a degeneration of knowledge rather than to an energization produced by a new release of light and truth into the world In the ancient world knowledge was commonly passed down by esoteric traditions its inner meaning known only to the initiated The Gospels according to Kuhn should therefore be understood as symbolic narratives rather than as history Sacred scriptures are always written in a language of myth and symbol and the Christian religion threw away and lost their true meaning when it mistranslated this language into alleged history instead of reading it as spiritual allegory This literalism necessarily led to a religion antagonistic toward philosophy Moreover it produced a religion that failed to recognize its continuity with and debt to earlier esoteric schools As evidence of this Kuhn finds that many of the gospel stories and sayings have parallels in earlier works in particular those of Egypt and Greece The transformation of Jesus followers into Pauline Christians drew on these sources Moreover the misunderstanding of true Christianity led to the excesses of misguided asceticism Overall the book seeks to serve as a clarion call to the modern world to return to the primitive Christianity which the founder of Christian theology Augustine proclaimed had been the true religion of all humanity With its many citations from earlier works *Shadow of the Third Century* also serves as a bibliographic introduction to alternative histories of Christianity Revaluation no. 1 [etc.]. [Brochures on various artists.].

REVALUATION., 1934 *The continuing revaluation* Lodwick Hartley, 1960 **Report of the Property Revaluation Work Group** Connecticut. Property Revaluation Work Group, Connecticut. Office of Policy & Management, 2009 Twilight of the Idols' and Nietzsche's Late Philosophy Thomas H. Brobjer, 2023 Thomas Brobjer revisits Nietzsche's *Twilight of the Idols* 1888 and positions it as a rich and stimulating work that contains and summarizes much of Nietzsche's late philosophy especially his unfinished magnum opus *The Revaluation of All Values* By examining the contents and the purpose of *The Twilight of the Idols* in relation to Nietzsche's *Hauptwerk* Brobjer shows the deep influence of the revaluation project on its construction a theme ignored by almost all previous commentators This book reveals more of what Nietzsche was reading as well as outlining influences on him at the time of writing this text providing a comprehensive commentary that explores both German and English language scholarship Detailed analyses of the moral religious and scientific underpinnings of the text enable a new interpretation that is rooted in the project's core philosophy yielding more knowledge about *The Revaluation of All Values* as well as Nietzsche's last philosophical thought and position
