Ruppelt,1956-01-01 In the summer of 1952 a United States Air Force F 86 jet interceptor shot at a flying saucer This fact like so many others that make up the full flying saucer story has never before been told I know the full story about flying saucers and I know that it has never before been told because I organized and was chief of the Air Force s Project Blue Book the special project set up to investigate and analyze unidentified flying object or UFO reports UFO is the official term that I created to replace the words flying saucers There is a fighter base in the United States which I used to visit frequently because during 1951 1952 and 1953 it got more than its share of good UFO reports The commanding officer of the fighter group a full colonel and command pilot believed that UFO s were real The colonel believed in UFO s because he had a lot of faith in his pilots and they had chased UFO s in their F 86 s He had seen UFO s on the scopes of his radar sets and he knew radar The colonel s intelligence officer a captain didn t exactly believe that UFO s were real but he did think that they warranted careful investigation The logic the intelligence officer used in investigating UFO reports and in getting answers to many of them made me wish many times that he worked for me on Project Blue Book One day the intelligence officer called me at my base in Dayton Ohio He wanted to know if I was planning to make a trip his way soon When I told him I expected to be in his area in about a week he asked me to be sure to look him up There was no special hurry he added but he had something very interesting to show me When we got wind of a good story Project Blue

Book liked to start working on it at once so I asked the intelligence officer to tell me what he had. But nothing doing. He didn't want to discuss it over the phone. He even vetoed the idea of putting it into a secret wire. Such extreme caution really stopped me because anything can be coded and put in a wire. When I left Dayton about a week later I decided to go straight to the fighter base planning to arrive there in midmorning. But while I was changing airlines my reservations got fouled up and I was faced with waiting until evening to get to the base. I called the intelligence officer and told him about the mix up. He told me to hang on right there and he would fly over and pick me up in a T 33 jet. As soon as we were in the air on the return trip I called the intelligence officer on the interphone and asked him what was going on. What did he have? Why all the mystery? He tried to tell me but the interphone wasn't working too well and I couldn't understand what he was saying. Finally he told me to wait until we returned to his office and I could read the report myself. Report. If he had a UFO report why hadn't he sent it in to Project Blue Book as he usually did? We landed at the fighter base, checked in our parachutes, Mae Wests and helmets and drove over to his office. There were several other people in the office and they greeted me with the usual question: What's new on the flying saucer front? I talked with them for a while but was getting impatient to find out what was on the intelligence officer's mind. I was just about to ask him about the mysterious report when he took me to one side and quietly asked me not to mention it until everybody had gone. Once we were alone the intelligence officer shut the door, went over to his safe and dug out a big thick report. It was the standard Air Force reporting form that is used for all intelligence reports including UFO reports. The intelligence officer told me that this was the only existing copy. He said that he had been told to destroy all copies but had saved one for me to read.

[Project Blue Book : Top Secret UFO Files](#) John CHACE, 2021-04-26 PROJECT BLUE BOOK: The CIA and Government conspiracy to hide Top Secret UFO Files. This Edition 1 was updated April 2021. As of 2017, the U.S. Government began releasing UFO images/videos taken from Navy F-18 fighter jets. From 1947 to 1969, the U.S. Air Force recorded a total of 12,618 UFO sightings. The investigation of these Unidentified Flying Objects was headquartered at Wright-Patterson Air Force Base, Ohio. In this book, we address the declassified Project Blue Book cases as well as sensational UFO encounters that remain classified, not included in the Project Blue Book files. The chapters in this book are arranged by topic based on the way UFOs operate. Each chapter contains chronologically ordered short stories of UFO case files. Project Blue Book was just one of many UFO reporting channels for the U.S. Government. Blue Book does not contain all UFO record sightings. Many military UFO sightings remain classified Top Secret today. This book explores declassified cases as well as a few non-declassified cases. Project Blue Book: Top Secret UFO Files is prepared to tell you the truth about the extraterrestrial's visitors monitoring our military bases and following commercial and military passenger planes. This book is a culmination of many hours researching thousands of declassified military UFO records, newspaper articles, and other sources. Through 27 chapters, we discuss many topics, including the various forms of evidence, e.g., physical, radar, and visual, actual military and civilian UFO case histories. The stories are compelling and include the typical cat-and-mouse games used by the Alien pilots to evade our jets. On the one hand, our police and military jets chase the UFOs. On the other hand, UFOs pursue our military and commercial passenger planes. You will come away understanding the reasons why they are here, what they are doing, and the ships they use. Finally, you will also understand which agencies (CIA, FBI, etc.) and congressional members wanted the UFO phenomenon to remain classified as a result of losing pilots and planes during aerial engagements.
