The Self-Compassion Diet Jean Fain,2011-01-26 Most people say that when they lose weight and look better they ll like themselves more Jean Fain suggests that we ve got it all backward The best way to lose

weight and look your best is to stop dieting and start with loving who you are With The Self Compassion Diet this Harvard Medical School affiliated psychotherapist shares a re

Treatment of the Obese Patient Robert F. Kushner, Daniel H. Bessesen, 2014-07-31 This is a timely and informative updated edition for all health care providers challenged with helping patients manage weight Similar to the well reviewed first edition this updated title is directed toward individuals who wish to read further about targeted topics rather than find an introduction to the field This second edition again provides insights into recent scientific advances in obesity research and provides the most up to date instruction about current treatment issues and strategies for both adults and children While several of the chapters are no longer relevant from the first edition other topics have emerged as interesting and current This edition will keep the two section format of Physiology and Pathophysiology and Clinical Management but it increases the first section to 10 chapters and reduces the second section to 12 chapters The plan is to keep this edition in the range of about 350 to 400 maximum printed pages The volume is again divided into two parts Part 1 covers new discoveries in the physiological control of body weight as well as the pathophysiology of obesity Expert authors discuss pathways that control food intake energy expenditure and peripheral nutrient metabolism including a look at the emerging evidence of the role of adipose tissue as an endocrine organ Part 2 covers all the key issues central to clinical management including recent developments in the epidemiology of obesity assessment of the obese patient behavioral strategies in weight management dietary modification as a weight management strategy physical activity as a weight management strategy weight loss drugs surgical approaches to obesity and other important clinical topics An essential practical text that sorts synthesizes and interprets the latest information on obesity related topics this second edition will be an essential resource for clinical endocrinologists and other health care providers across a broad spectrum of specialties
