Linda Eyre, Richard Eyre

Teaching Your Children Values:

Teaching Your Children Values Richard Eyre, Linda Eyre, 2010-05-11 One of the greatest gifts you can give your children is a strong sense of personal values Helping your children develop values such as honesty self reliance and dependability is as important a part of their education as teaching them to read or how to cross the street safely The values you teach your children are their best protection from the influences of peer pressure and the temptations of consumer culture With their own values clearly defined your children can make their own decisions rather than imitate their friends or the latest fashions In *Teaching Your Children Values* Linda and Richard Eyre present a practical proven month by month program of games family activities and value building exercises for kids of all ages [Teach Your Children Values](#) Sharon Vincz Andrews, Cynthia D. Ali, 1997 This book includes four sections on helping children grow into successful individuals family members students and citizens *40 Ways to Teach Your Child Values* Paul Lewis, 1997 Honesty Courage Friendship Making choices Cleanliness Character Self esteem A sense of humor Servanthood Family traditions 40 Ways to Teach Your Child Values gives you practical guidelines that enable your child to develop the skills attitudes and values needed to navigate life successfully Short five minute chapters offer practical tips for developing each skill value or attitude in your child A special section helps you track your child's growth and key parenting principles are bulleted for easy comprehension Here are the basics for helping your child reach emotional mental and spiritual maturity **Forty Ways to Teach Your Child Values** Paul Lewis, 1985 *Teach Your Children Values: 95 Things Parents Can Do!... ED413605... U.S. Department Of Education*, 1998 [Successful Parenthood; how to Teach Your Child Values, Competence, and Responsibility](#) Wesley C. Becker, Janis W. Becker, 1974 [Teaching Your Children Values](#) Linda Eyre, 1999 **Let's Teach Our Children Values, Right Now** Guadalupe Treviño, 2016-09-13 Values Who really needs them This book brings together people who share the same interest helping children discover and express their inner potential and be happy with themselves It is hard to think of a greater reward in life Sometimes we doubt whether it's worth teaching positive attitudes to children when we live in such a negative world Sometimes we wonder if respecting values is something outdated as it seems that nobody needs them But you and I know with certainty from the bottom of our hearts that we already have an answer to these questions we know that you will you reap what you sow We know that universal values don't change they don't go out of fashion We believe that just as we devote a lot of time teaching our children to read write and do math it is also imperative that they are also taught to live by the values of truth honesty love goodness spiritual beauty among others We live or rather suffer a crisis of values lack of credibility lack of leadership and it is only natural that we have this void in society being a leader requires being congruent with nothing less than universal values Our kids are exposed to a constant bombardment of information cynicism violence materialism corruption sex Advertising shouts at them that what really matters is what you own not who you are they teach them a life without efforts the quick fixes and without obligation where what's attractive is violence It is imperative that we

act right now We must be the type of parents that can influence and can promote values to our children We the parents are the undisputed teachers who need to instill values in our children If you do not teach them someone else will do it for you and maybe without the interest understanding and parental love that only you can bring to this discussion We know that our children are at such a young age only once they grow up quickly therefore we must use this precious time to influence those lives that we have been entrusted with This is not a book that will help you discover your mission in life it already assumes that you consider your mission or vocation to teach and promote values to your children and that you consider this your greatest legacy You and I do not know what world our children will be living in when they are older but what we can predict is what kind of children we are letting into the world
