Work and Legal Guidelines in the Age of Digitalisation and Green Transition Rita Remeikienė,Ligita Gasparėnienė,2025-12-24 This open access book provides important insights into the integration of digitalisation and green economy into the platform economy and how these processes can contribute to the improvement of legal labour regulations and processes in the EU and Eastern Europe It addresses the following key topics the impact of digitisation on the labour market including the impact of robotics and automation on the changing nature of work the organisation of work through

digital platforms the relationship between workers and employers the challenges of implementing the Green Deal strategy in the labour market the specifics and types of platform work problems concerning labour regulation on digital platforms in Eastern and Southern European countries such as Moldova Ukraine Bosnia and Herzegovina Serbia Montenegro and Albania and the results of an empirical survey The topics are highly relevant in the contemporary context as the European Parliament adopted the Platform Work Directive in 2024 after several years of debate This Directive aims to sift out the working patterns of the platform sector introducing clear criteria on what is considered to be an individual activity and what is considered to be an employment relationship The EU Directive calls upon each EU country to develop its own criteria for assessing whether certain work carried out via platforms is based on an employment relationship or merely constitutes an individual activity One of the book's main objectives is to present possible business models for digital platform work that offer greater social protection for the worker by analysing the theoretical aspects of digitalisation and the integration of the green economy into the labour market and the legal framework for digital labour market platforms in Eastern and Southern European countries The book will be of interest to policymakers responsible for regulation of the labour market trade unions university lecturers and students of economics and law who are interested in delving into the characteristics and regulation of the digital economy and the digital labour market labour platform workers and employers

Intelligent Control for Agricultural Applications 2001 H.K. Purwadaria, 2002-05-14 This Proceedings contains the papers presented at the second IFAC CIGR Workshop on Intelligent Control For Agricultural Applications held in Bali Indonesia 22-24 August 2001 The workshop provided a forum for the presentation and discussion of new results and approaches in the area of intelligent control application in agriculture and industry The topics covered in the Proceedings range from precision farming to applications of control neural networks and fuzzy algorithms in greenhouse technology agricultural production and industrial processes Also covered are quality evaluation using non destructive methods such as ultrasonic visible light and near infrared reflectance NIR as well as agricultural commodities including fishery products as well as plants Altogether over 50 papers are presented including keynote papers by leading world experts

New Serial Titles, 1989 A union list of serials commencing publication

after Dec 31 1949 The Handbook of Electronic Messaging Nancy Cox,1998 You know by now that electronic messaging is more than e mail It s now the premier enabling technology for delivering information products and services to anyone anywhere anytime Your mission and you ll probably have to except it is to make this happen We can help The Handbook of Electronic Messaging shows you how to build leverage manage and protect a messaging infrastructure that will transport your enterprise from simple messaging to complex collaborative computing and the global electronic marketplace As you d expect for a solid handbook The Handbook of Electronic Messaging provides you with clear explanations of the basic terms concepts techniques architectures and products It also provides what you need to know to build and maintain a highly functional and serviceable messaging environment Edited by Nancy Cox of Network Computing Magazine The Handbook of Electronic Messaging features contributions from practitioners consultants users and vendors who share their expertise and experience with you

Adopting the Track of Expression: An Mental Symphony within **Guide Automation Remote Work**

In a world consumed by monitors and the ceaseless chatter of instant conversation, the melodic elegance and mental symphony developed by the written word usually disappear in to the back ground, eclipsed by the constant sound and disruptions that permeate our lives. But, nestled within the pages of **Guide Automation Remote Work** a stunning fictional prize full of fresh feelings, lies an immersive symphony waiting to be embraced. Constructed by a masterful composer of language, this fascinating masterpiece conducts visitors on a psychological trip, skillfully unraveling the concealed melodies and profound influence resonating within each cautiously constructed phrase. Within the depths of the poignant examination, we shall examine the book is key harmonies, analyze its enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
