Someone Help Me:

Please Will Someone Help Me? Sophie Young, 2013-04-11 Sophie Young tells her shocking true story in *Please Will Someone Help Me*. Sophie Young was born into a dysfunctional family with a violent mother and father. Sophie was routinely neglected and harmed, starved and left to fend for herself. Social workers were often involved but despite numerous visits and extensive reports nothing was ever done. When Sophie was six her life took another horrible turn: her adored grandfather began to sexually abuse her. *Please Will Someone Help Me* is Sophie Young's heartbreaking story about a young girl at the mercy of the adult world. With full access to her social work files she shows how those who are meant to help children can be blind to the reality of their lives but how ultimately love conquers all. Sophie Young was the eldest of three, born into a dysfunctional family that she fought for years to escape. Now forty years old she lives in England with her husband and children and works as a volunteer for a national children's charity.

Homelessness among Young People in Prague Marie Vágnerová, Ladislav Csémy, Jakub Marek, 2014-11-11 The chronically homeless face a stark reality: lack of access to support systems, adequate shelter and sustenance with little hope for something better. For young people however, life on the street may be merely a temporary stage in their lives. This book tells of homelessness among young people, the causes and their attitudes to the various problems they face. Young homeless people describe a life in which they lose their privacy, the possibility to satisfy their basic needs and often their self-respect in order to survive. The latter half of the book considers what happens when these young people return to society and how they navigate difficulties as they attempt to leave their past behind. Often the struggle is not solely one of coping with the stigma of their experience; rather they must face the legacies that linger long after their lives have turned a corner: drug addiction, criminal records and accumulated debt. Based on interviews with homeless people in Prague, *Homelessness as an Alternative Existence of Young People* paints an authentic picture of this social group and documents the often unseen social consequences of the transformation to capitalism from communism.
