Gender: Your Guide, 2nd Edition Lee Airton,2024-06-04 Updated for current conversations Cover Gender: Your Guide Lee Airton,2019-06-11 An invaluable resource for both new and veteran allies obvious and necessary Library Journal

starred review information for everyone who wants to learn more about how to navigate gender diversity in today's families, communities, and workplaces. The days of two genders, male/female, boy/girl, blue/pink, are over if they ever existed at all. Gender is now a global conversation and one that is constantly evolving. More people than ever before are openly living their lives as transgender men or women, and many transgender people are coming out as neither men nor women, instead living outside of the binary. Gender is changing, and this change is gaining momentum. We all want to do and say the right things in relation to gender diversity, whether at a job interview, at parent/teacher night, and around the table at family dinners. But where do we begin? From the differences among gender identity, gender expression, and sex to the use of gender-neutral pronouns like singular they/them to thinking about your own participation in gender. *Gender Your Guide* serves as a warm, inviting guide to a complicated area. The *Globe and Mail* Toronto Professor and gender diversity advocate Lee Airton PhD explains how gender works in everyday life, how to use accurate terminology to refer to transgender, non-binary, and/or gender non-conforming individuals, and how to ask when you aren't sure what to do or say. It provides the information you need to talk confidently and compassionately about gender diversity, whether simply having a conversation or going to bat as an advocate. Just like gender itself, being gender-friendly is a process for all of us. As revolutionary a resource as *Our Bodies Ourselves*, *Gender Your Guide* is greatly needed, an impactful tool for creating a world more supportive of people of all genders.

INTO Magazine **National Identities and Post-Americanist Narratives** Donald E. Pease, 1994. National narratives create imaginary relations within imagined communities called national peoples. But in the American narrative, alongside the nexus of belonging established for the national community, the national narrative has represented other peoples: women, blacks, foreigners, the homeless, from whom the property of nationness has been removed altogether, and upon whose differences from them the national people depended for the construction of their norms. Dismantling this opposition has become the task of post-national, Post-Americanist narratives bent on changing the assumptions that found the national identity. This volume, originally published as a special issue of *boundary 2*, focuses on the process of assembling and dismantling the American national narrative, sketching its inception and demolition. The contributors examine various cultural, political, and historical sources: colonial literature, mass movements, epidemics of disease, mass spectacle, transnational corporations, super weapons, popular magazines, literary texts, out of which this narrative was constructed, and propose different understandings of nationality and identity following in its wake. Contributors: Jonathan Arac, Lauren Berlant, Robert J. Corber, Elizabeth Freeman, Kathryn V. Lingberg, Jack Matthews, Alan Nadel, Patrick O'Donnell, Daniel O'Hara, Donald E. Pease, Ross Posnock, John Carlos Rowe, Rob Wilson.
