Kassoy, Michael J. Rosen, 2013-08-01 You might think anchovies and fruitcake are pretty weird foods But wait until you hear about durian a huge spiky fruit that smells like gym socks Or salmiakki the licorice with a salty fishy taste And don't forget kopi luwak the coffee made from poop Discover all kinds of unusual foods from around the world *American Cookery*

, 1912 *We Eat What?* Jonathan Deutsch, 2018-05-25 This entertaining and informative encyclopedia examines American

regional foods using cuisine as an engaging lens through which readers can deepen their study of American geography in addition to their understanding of America's collective cultures. Many of the foods we eat every day are unique to the regions of the United States in which we live. New Englanders enjoy coffee milk and whoopie pies while Mid-Westerners indulge in deep-dish pizza and Cincinnati chili. Some dishes popular in one region may even be unheard of in another region. This fascinating encyclopedia examines over 100 foods that are unique to the United States as well as dishes found only in specific American regions and individual states. Written by an established food scholar, *We Eat What A Cultural Encyclopedia of Bizarre and Strange Foods in the United States* covers unusual regional foods and dishes such as hoppin' Johns, hush puppies, shoofly pie, and turducken. Readers will get the inside scoop on each food's origins and history, details on how each food is prepared and eaten, and insights into why and how each food is celebrated in American culture. In addition, readers can follow the recipes in the book's recipe appendix to test out some of the dishes for themselves. Appropriate for lay readers as well as high school students and undergraduates, this work is engagingly written and can be used to learn more about United States geography.

Contemporary Advances in Food Tourism Management and Marketing Francesc Fusté-Forné, Erik Wolf, 2023-02-15. This comprehensive multidisciplinary and expert-led book provides insight into the most current and insightful topics within food and beverage tourism practice and research, elaborated by leading researchers and practitioners in the field. The relationships between food and tourism have not only been at the core of recent tourism experiences but they are expected to be crucial in the transformation of tourism's future. International in approach, this book analyzes the food tourism phenomenon from supply and demand perspectives, from health and politics to high touch and high tech, and brings together the relevant issues that inform these contemporary advances in food tourism research and practice. Providing a holistic approach to recent and future trends, the book is divided into 16 carefully selected and specially commissioned chapters that discuss the significance of food tourism research, the management and marketing of contemporary food and beverage experiences, the role of responsibility in the production and consumption of food tourism, and the anticipation of future trends in food and beverage tourism. This volume combines academic research with practitioner experience, allowing the authors to explore, debate, and analyze our industry's future challenges and solutions. This book is essential reading for students and researchers with an interest in food tourism as well as practitioners.
