[The Value of Byzantine and Modern Greek in Hellenic Studies](#) Simos Menardos,2017-12-20 Excerpt from [The Value of Byzantine and Modern Greek in Hellenic Studies](#) An Inaugural Lecture Delivered Before the University Thursday October 29 1908 To begin with I must justify myself for venturing to undertake in this illustrious University the task of teaching in a scientific field cultivated now in all Europe by so many specialists and extending over a period of two thousand years But the consciousness that by speaking on these subjects I shall deal with familiar things that by occupying myself in these studies I shall be transferred mentally to my fatherland encourages me to believe that my teaching whatever else it may lack is at least based on a cordial interest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Value of Byzantine and Modern Greek in Hellenic Studies Simos Menardos,2015-06-25 Excerpt from *The Value of Byzantine and Modern Greek in Hellenic Studies* An Inaugural Lecture Delivered Before the University Thursday October 29 1908 But to day we shall not deal with political but with literary history And the following question

arises first of all did Hellenism exercise any influence whatever on the intellectual progress of mankind from the fatal day upon which Mummius made Greece a province I will reply gentlemen only with some hints I shall pass over the well known story of the submission of Italy to Graecia capta and shall mention only the part which Greeks played in the spread of Christianity As a fact those intellectual struggles which were required to impose the new religion on the political authorities and to overcome the various heresies were internal between Greeks Of the 318 bishops of the first Oecumenical Synod ten only came from Latin speaking places There is no doubt that there were also others But no other race had then an equal authority With Christianity the simple minded Greeks of Asia Minor overcame the infidel sophists of Greece proper and that victory was so complete that the name Hellene itself which according to Isocrates was equivalent to civilized was banished This significant result must have been due to many reasons some of which were as we shall see simply literary But I fear that much more often the rhetorical phrase is repeated that Plato s style is that of Jupiter than the fact is comprehended that the holy idiom of Christianity and perhaps of Jesus Himself is nothing else but late Greek About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
