**An Introduction to Counselling and Psychotherapy: Theory, Research, Practice and Social Purpose, 7th Edition** John McLeod, 2025-03-25 An Introduction to Counselling and Psychotherapy builds on the existing strengths of John McLeod's research and professional experience. This title provides a comprehensive introduction to the research and practice of counselling and psychotherapy and enables students to develop their confidence in deploying a range of therapeutic models. Complete with case studies and topics for discussion, this core textbook acts as a one-stop shop for students on a wide variety of counselling training programmes. John McLeod is a household name in the world of C/P education. **Telephone Counselling** Maxine Rosenfield, 2013-05-01 The use of the telephone as a tool for counselling is increasingly appealing, providing clients with a service that combines accessibility and convenience. But how can practitioners ensure the same quality of support as in their face-to-face counselling? And how can they adapt to the different demands and restrictions of counselling by telephone? This comprehensive guide supports the reader step-by-step in setting up their own practice, including vital tools such as confidentiality and payment agreements. It considers different approaches that can be used over the telephone, such as humanistic and cognitive-behavioural techniques. Provides engaging case studies to illustrate the distinctive character of telephone counselling and offer practical guidance. This book is the perfect introduction to counselling by telephone for students and trainees on counselling and psychotherapy courses and is an essential guide for practitioners looking to develop skills in the area. Maxine Rosenfield has over twenty years' experience working as a counsellor, supervisor, and coach. She is a past President of Helplines Australia and of the Counsellors and Psychotherapists Association of NSW. She is currently a counsellor trainer and consultant in private practice and is the Vice President of the Australasian Association for Supervision.

*Canadian Psychiatric Association Journal*. Canadian Psychiatric Association, 1975. **Objectives and Outcomes**. Jenifer Elton Wilson, Gabrielle Syme, 2006-10. What do clients look for in psychotherapy? Do clients and therapists have the same objectives? Is the outcome what the client or therapist hoped for? This is an essential book for all those who have wondered what the purpose of psychological therapy is, the procedures that are involved, and the results that are achieved. The authors are experienced psychotherapists who share their personal experiences of the therapeutic process and question these in the light of relevant research. Practitioners are interested in linking the objectives and outcomes of therapeutic engagement. This book provides a critical assessment of how these links can be used creatively to enhance the effectiveness of their practice in a variety of settings and contexts. Taking the form of discourse between the authors, the book is accessible to all levels of knowledge and practice. It is enlivened with dialogue, case studies, and a mini research project that was carried out with fellow practitioners in a series of workshops. *Objectives and Outcomes* gives practitioners an overview of current knowledge on these important topics and suggests forms of research that therapists might use in their own work.
