Learning German Vocabulary Ching-yi Lin, 2008 This research is an empirical multiple case study that is designed to explore adult individual learners' vocabulary learning processes and to examine their use of vocabulary learning strategies It investigates the following key questions

- 1 What vocabulary learning strategies do the individual learners usually use to find the meaning of unknown words
- 2 What vocabulary learning strategies do the individual learners usually use to consolidate the words
- 3 How do the individual learners apply the vocabulary learning strategies for the purposes mentioned above
- 4 What are the differences between the learners' use of vocabulary learning strategies

By using multiple data collection methods (questionnaires, interviews, and think aloud protocols) I not only investigate what strategies the individual research participants use to study vocabulary but also look at how they actually employ the strategies while completing a series of vocabulary activities Finally I also compare the patterns in the use of strategies between the participants
