**Instant Expert: World Religions** Joanne O'Brien,Sandra Palmer,2019-05-09 Religion plays a major role in nearly every community around the world impacting people s beliefs actions politics and ways of life perhaps more than any other factor More than two thirds of the world s people claim to follow a religion and more than 4 000 religions exist around the world resulting in a global religious population that is incredibly vast and diverse Instant Expert World Religions offers readers a simple and inviting introduction to the histories and stories beliefs and rituals literature and festivals and people and places of eleven significant and influential faiths This is a valuable guide for quick reference providing a glimpse into the Bah Faith Buddhism Christianity Daoism Hinduism Islam Jainism Judaism Shinto Sikhism and Zoroastrianism In just one hour readers will gain greater understanding of the major practices and features of each religion building an important awareness of varying belief systems around the world Instant Experts is a series of short small format books covering today s core religious topics Each book is designed to give the reader all the essential information they need in an hour s read offering a solid foundation for further conversation and study

*Understanding World Religions* Irving Hexham,2011-03-22 Globalization and high speed communication put twenty first century people in contact with adherents to a wide variety of world religions but usually valuable knowledge of these other

traditions is limited at best. On the one hand, religious stereotypes abound hampering a serious exploration of unfamiliar philosophies and practices. On the other hand, the popular idea that all religions lead to the same God or the same moral life fails to account for the distinctive origins and radically different teachings found across the world's many religions.

Understanding World Religions presents religion as a complex and intriguing matrix of history, philosophy, culture, beliefs, and practices. Hexham believes that a certain degree of objectivity and critique is inherent in the study of religion, and he guides readers in responsible ways of carrying this out. Of particular importance is Hexham's decision to explore African religions, which have frequently been absent from major religion texts. He surveys these in addition to varieties of Hinduism, Buddhism, Judaism, Christianity, and Islam.

**World Religions Reader**, 2009

The Quest of World Religions John Studebaker, 2023-07-25

Featuring chapters written by scholars within their own disciplines as well as carefully curated selections from key religious texts, The Quest of World Religions: An Introduction and Anthology provides readers with an illuminating overview of global faith systems. The text also urges readers to approach this study as seekers, those engaging their own selves in a quest for authentic spirituality and truth. In the introductory chapter, volume editor John A. Studebaker describes world religions as having a common theme: found in the Latin *religio*, reconnection. Each religion seeks to reconnect their devotee to God, the gods, or the supernatural. The editor also provides helpful practices for respecting others while fostering a quest for truth. The text features four units which survey Western, Eastern, tribal, and secular religions. In Unit I, readers learn about Judaism, Christianity, and Islam. In Unit II, Hinduism, Buddhism, Taoism, and Confucianism are discussed. In Units III and IV, readers engage with African traditional religion, Native American spirituality, and secular religions. Each chapter begins with a brief historical overview of a religion, traces its essential story that culminates in reconnection, and concludes with a creative CODA, a comparison and contrast with Christianity, a system with which many students will be familiar. Featuring personal reflections, well-researched chapters, and a unique approach, The Quest of World Religions is an excellent resource for courses and programs in world religions and theology, as well as for personal study.

Inside World Religions Kevin O'Donnell, 2007

The living faith of millions of people in the world's most important religious traditions is portrayed here with sympathy and intelligence. In each case, emphasizing key elements, author Kevin O'Donnell does not dissect each tradition; however, instead, he looks at each faith from a more personal angle, asking what it means for a person to belong to such a faith. Covering six major traditions: Hinduism, Buddhism, Sikhism, Judaism, Christianity, and Islam, together with shorter sections on Zoroastrianism, Baha'i, Confucianism, Taoism, and Shinto, the author follows the same pattern for each. O'Donnell asks the reader to join in a spiritual exercise, personalizing the insights of each tradition into one's own journey of faith. Illustrated throughout with full-color photography, Inside World Religions invites the reader on a journey of encounter and self-discovery.
