Something To Someone:

Therapy with Dreams and Nightmares Delia Cushway, Robyn Sewell, 2012-12-10 Delia Cushway's wealth of experience makes this new edition an essential read for all aspiring counsellors, psychologists and psychotherapists as well as for more experienced practitioners seeking to enhance their practice. Prof Sue Wheeler, Director of Doctoral Programme, Institute of Lifelong Learning, found the book fascinating and illuminating, not only my client's material but also my own night life. The book's strength lies in integrating perspectives from many different psychotherapeutic disciplines from psychoanalytic to cognitive. Diana Sanders, Counselling Psychologist and Cognitive Psychotherapist, says: "This practical book shows how dreamwork can be a fruitful therapeutic tool for all therapists and practitioners in the helping professions. Emphasising that dreams are a powerful means of accessing an individual's emotions, creativity and wisdom, Delia Cushway has updated the first edition to include Skills for working with trauma and survivors of sexual abuse, Cross-cultural spiritual and religious approaches to dreamwork, Up-to-date research and theory on using Cognitive Objectivist and Constructivist models and methods, The importance of reflective practice, Scientific functions and meanings of dreams and their role in information processing and memory consolidation. Steeped in practical hints and tips, vivid case examples and methods of interpreting dream language, this highly accessible guide is an invaluable resource for therapists." Delia Cushway is Emeritus Professor of Clinical Psychology at Coventry University and a practising Registered Clinical Psychologist. Robyn Sewell is a Chartered Psychologist and Group Psychotherapist, now fully retired.

The Making of Americans - Gertrude Stein, 2025-03-03 *The Making of Americans* by Gertrude Stein is an experimental modernist novel that explores themes of identity, history and the nature of American culture. The novel presents a detailed and repetitive narrative about the lives of the Dehning and Hersland families using an unconventional stream of consciousness style that reflects Stein's interest in linguistic rhythm and psychological depth. Through this fragmented and abstract approach, Stein examines the ways in which individuals and families evolve over generations, capturing the essence of human behavior and societal change. Since its publication, *The Making of Americans* has been recognized as a groundbreaking work in modernist literature, challenging traditional narrative structures and redefining the novel's form. Its emphasis on repetition, variation and observation creates a unique reading experience that mirrors the process of memory and perception. Though complex and demanding, the novel has been influential in literary circles, inspiring later experimental writers. The novel's enduring significance lies in its ambitious attempt to chronicle the American experience through language and structure rather than conventional plot. *The Making of Americans* remains a landmark of literary innovation, offering readers a profound meditation on identity, transformation and
