McCall, 2015-07-06 Excerpt from Thaddeus Stevens Thaddeus Stevens was the unquestioned leader of the House of Representatives from July 4 1861 when it assembled at the call of Lincoln until his death which occurred in 1868 The legislative work of that period stands unapproached in difficulty and importance in the history of Congress if not indeed of any parliamentary body in the world Stevens was the chairman of the Committee on Ways and Means during the war and afterwards of the Committees on Appropriations and Reconstruction He was therefore especially identified with the financial measures of the war including the legal tender acts also with reconstruction with the great constitutional amendments and with the impeachment of President Johnson I have dwelt very slightly upon his connection during the later period of his congressional service with other matters which although some of them would have been of great consequence in ordinary times were dwarfed and robbed of interest by the stupendous events with which they were associated About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in
