Plutarch's Lives Plutarch,1874 *Harper's Weekly*,1908 **The Gifts of the Holy Spirit to Unbelievers and Believers** Clement Read Vaughan,1894 This treatise does not seek to enlarge the boundaries of Christian knowledge unless the attempt to restate the old familiar truths of the gospel of grace in the forms they have assumed in a re thinking of them under the current modes of thought in the passing era can be so called The object is wholly practical There are no new speculations here The discussion only seeks to extend the applicaion of some of these venerable truths to the practical experience of Christian people and to restate the terms on which the Christian hope may be obtained by those not yet entitled to indulge it Preface
