True Nature Stories:

True Nature Stories V. Cameron, 2006 True Nature Stories is a series of short stories recounting the actual experiences of a nature and wildlife photographer's adventures in pursuit of nature's best. Written from the photographer's point of view, True Nature Stories provides insight into the treasures of the Canadian forests from the smallest to the largest forms of wildlife. Illustrated with original photographs by award-winning photographer Vicki Cameron, this book is essential reading for anyone who is curious about the ecosystem and wants to understand the magnetic pull of our beautiful lakes and forests. A strong feature of this book is its design through imagery to expose the reader to our fragile habitat. The combination of both picture and actual adventure story makes True Nature Stories unique, giving the reader a genuine feeling of experiencing the country's natural beauty.
