parents family names and race In the first book length study of English Traits in over half a century LaRocca considers the presence of metaphors in Emerson s fertile text a unique work in his expansive corpus and one that is regularly overlooked As metaphors are encountered in Emerson s book and drawn from a long history of usage in work by others a reader may realize or remember what is inherent and encoded in our language but rarely seen how metaphors circulate in speech and through texts to become the lifeblood of thought *The Publishers' Trade List Annual* ,1989 *Jeff Herman's Guide to Book Publishers, Editors & Literary Agents* Jeff Herman,2003 A guide to the names and specialities of American and Canadian publishers editors and literary agents includes information on the acquisition process and on choosing literary agents *The Harvard Graduates' Magazine* ,1926 **The Wars of Truth** Herschel C.
