John Willard M. Swartley,2013-03-14 The gospel of John s from above orientation transforms our human from below assumptions and habits It draws us into union with God and into unity with one another It communicates who Jesus is in both intimate and profound dimensions The book of John shapes Christian identity invigorates worship and implants eternal hope John s gospel defies description marvels Swartley professor emeritus at Anabaptist Mennonite Biblical Seminary It soars like the eagle links heaven and earth and both comforts and convicts the human heart Its Christology is rich with a plethora of titles for Jesus even the divine eternal I AM Though commentaries on the book of John abound this volume follows the unique Believers Church Bible Commentary Series format providing sections on The Text in Biblical Context and The Text in the Life of the Church According to Swartley this format serves well the interests of seminary as well as other graduate students and pastors especially Volume 26 in the Believers Church Bible Commentary series Free downloadable supplement available here

Christ's relation to his people, sermons Charles Haddon Spurgeon,1904 *The Oxford Handbook of Mystical Theology* Edward Howells,Mark A. McIntosh,2020-02-25 The Oxford Handbook of Mystical Theology provides a guide to the mystical element of Christianity as a theological phenomenon It differs not only from psychological and anthropological studies of mysticism but from other theological studies such as more practical or pastorally oriented works that examine the patterns of spiritual progress and offer counsel for deeper understanding and spiritual development It also differs from more explicitly historical studies tracing the theological and philosophical contexts and ideas of various key figures and schools as well as from literary studies of the linguistic tropes and expressive forms in mystical texts None of these perspectives is absent but the method here is more deliberately theological working from within the fundamental interests of Christian mystical writers to the articulation of those interests in distinctively theological forms in order finally to permit a critical theological engagement with them for today Divided into four parts the first section introduces the approach to mystical theology and offers a historical overview Part two attends to the concrete context of sources and practices of mystical theology Part three moves to the fundamental conceptualities of mystical thought The final section ends with the central contributions of mystical teaching to theology and metaphysics Students and scholars with a variety of interests will find different pathways through the Handbook
