A Woman's Guide to the Male Mind Sam Geraldo,2011-01-14 A Woman's Guide to the Male Mind is the indirect result of a blog that I wrote in 2005 How Do You Tell If a Guy Fancies You The article was so popular receiving more than 70 replies from women with lots more questions that I launched my web site www.seducemen.co.uk Since then most of the advice Ive given in hundreds of published articles was based on my own experiences and those of my friends To write the book however I adopted a more scientific approach I performed a significant amount of research into recent discoveries by anthropologists sociologists psychologists and biochemists on topics ranging from basic sexual attraction to personality type and male female communications strategies Its my belief therefore that *A Woman's Guide to the Male Mind* features the best of two worlds common sense opinions backed by solid empirical evidence By helping ladies understand the male point of view with regard to sex dating and relationships I hope to eliminate the senseless conflicts that so often erupt between lovers and would be lovers Once you understand a few fundamentals about the male mind and male behaviour you will stop thinking of men as inscrutable blockheads and primitive misfits You will no longer regard them as you would a small nasty child or an alien race Arming yourself with the wisdom in this book youll increase your odds of finding happiness and harmony in romantic relationships and you will help ensure that this bliss lasts a lifetime By the time a man reaches maturity he has passed through four evolutionary stages in his attitude toward women and relationships Its very important to understand and identify these four stages because it will save you from wasting time on guys who arent ready for serious romance

Mintz,2009-09-18 Shows how women can reenergize their sex lives by using a Five T s plan consisting of thoughts talk time touch and trysts *The Woman's Guide to how Men Think* Shawn T. Smith,2013 Comedian George Carlin once said Women are from earth Men are from earth Just deal with it Though witty this sentiment fails to recognize one of the real truths in life that both genders are completely mystified by one another and often have a mile long list of complaints for the opposite sex Yet generally speaking both men and women want to get along especially if there s romance involved A Woman s Guide to How Men Think offers a practical humorous yet compassionate guide for women who want to learn the secrets of the elusive male mind With author Shawn Smith s trademark humor you ll come to understand why men think and see the world the way they do and how to work with men to cultivate understanding and communication in relationships without expecting men to be creatures that they are not This isn t a male bashing book about how men should be more like women but a book about how men actually are and how women can use this understanding to get what they need from their relationships You ll also learn why men often feel frustrated and criticized how to deal with lack of communication in ways that don t put men on the defensive and how being curious and compassionate while not accepting disrespectful or abusive behavior instead of dismissing men for their inherently male traits can lead to greater understanding between the sexes The plain truth is that both men and women are from planet earth But that doesn t mean we are the same If you are looking for an insider s guide to the ever elusive male mind this is the book for you The author Shawn Smith is a psychotherapist with a blog at ironshrink.com Men's Health ,2006-06 Men s Health magazine contains daily tips and articles on fitness nutrition relationships sex career and lifestyle What Women Want Men to Know Barbara De Angelis,2014-07-01 From bestselling author and relationship guru Barbara DeAngelis comes a funny sexy candid crash course in Women 101 for men everywhere An insightful guide women will read to learn more about themselves and give to the man they love What Do You Know about Sex?
