Women And Revolution In Iran Guity Nashat, 2021-11-28 Iranian women acquired greater legal social and economic opportunities during the past three decades than in any other period of history yet they participated in large numbers in the 1979 revolution to overthrow Shah Mohammad Reza Pahlavi Ironically they may have lost more than any other group from the changes introduced and stand to lose even more from changes contemplated by leaders of the current regime The role of women in the revolution the reasons for their participation and their subsequent fate are documented in this volume The authors examine the status of women in pre revolutionary society the ways in which their lives were affected by Islamic principles and the changes that occurred throughout the twentieth century as increasing numbers of women entered the labor force and public life They then turn to recent political events describing the participation of working class rural and educated women and activists from both the right and left Finally they consider the implications of recent government politics aimed at limiting women s activities outside the home and encouraging a return to more traditional roles

Reconstructed Lives Haleh Esfandiari, 1997-07
Iranian women tell in their own words what the revolution attempted and how they responded The Islamic revolution of 1979 transformed all areas of Iranian life For women the consequences were extensive and profound as the state set out to reverse legal and social rights women had won and to dictate many aspects of women s lives including what they could study and how they must dress and relate to men Reconstructed Lives presents Iranian women telling in their own words what the revolution attempted and how they responded Through a series of interviews with professional and working women in Iran doctors lawyers writers professors secretaries businesswomen Haleh Esfandiari gathers dramatic accounts of what has happened to their lives as women in an Islamic society She and her informants describe the strategies by which women try to and sometimes succeed in subverting the state s agenda Esfandiari also provides historical background on the women s movement in Iran She finds evidence in Iran s experience that even women from traditional and working classes do not easily surrender rights or access they have gained to education career opportunities and a public role

Women and Equality in Iran Leila Alikarami, 2019-05-30 Iran s continued retention of discriminatory laws stands in stark contrast to the advances Iranian women have made in other spheres since the Revolution in 1979 Leila Alikarami here aims to determine the extent to which the actions of women s rights activists have led to a significant change in their legal status She argues that while Iranian women have not yet obtained legal equality the gender bias of the Iranian legal system has been successfully challenged and has lost its legitimacy More pertinently the social context has become more prepared to accommodate legal rights for women Highlighting the key challenges that proponents of gender equality face in the Muslim context Alikarami attempts to ascertain the causes of Iran s

failure to ratify the CEDAW and questions whether and to what extent interpretations of Islamic principles prevent Iran from doing so Applying feminist legal theory to contemporary Iran Alikarami s approach re evaluates the underlying principles that have shaped the struggle for equal rights between the sexes *Women, Religion and Culture in Iran* Sarah Ansari, Vanessa Martin, 2014-05-01 Investigates how women religion and culture have interacted in the context of 19th and 20th century Iran covering topics as seemingly diverse as the social and cultural history of Persian cuisine the work and attitudes of 19th century Christian missionaries the impact of growing female literacy and the consequences of developments since 1979 Women's Lives around the World Susan M. making demands for shifts in attitudes and behaviours both at home in relation to male relatives and in the wider world Women s daily existence weaves between the public and the private from home to classrooms parks metros cafes and taxis negotiating socio political limitations and the current regime s policies of female invisibility Detailed interviews and striking narratives draw our attention to the women s reflexive and critical stance and their desires to be recognized as independent and active architects of their own personal lives whilst also contributing to the discourses of change and a more just civil society From this fieldwork and focusing especially on young women Honarbin Holliday presents women s views on such key topics as public visibility body presentation and sexual curiosity in addition to education civil society and political and social change Highlighting links and continuities with the history of women in Iran from the early twentieth century to the present moment she shows how Iranian women today strive to be the author of one s fate to resist narrow interpretations of religion to conduct meaningful rich and complex lives to bring about change in the mindsets of male relatives and to contribute to legal and political debates in the country For its direct presentation of women s voices as well as its analysis and insight this book is a vital contribution to our understanding of the lives of Muslim women and the possibilities before them today

Women, Work and Islamism Maryam Poya, 1999 Based on original research into women s participation in the workforce this book is the most up to date study of women in Iran available The Islamisation of state and society which followed the 1979 revolution involved an attempt by the Islamic state to seclude women within the home However the power of the state was constrained by many factors the Iran Iraq war economic restructuring and women s own responses to oppression In spite of continual attempts by the state to strengthen patriarchal relationships women s participation in the labour force in 1999 is greater than it was before the revolution Women s participation in both the economy and in political movements has led to a much greater level of gender consciousness in the 1990s than at the height of westernisation in the 1960s and 70s Religious and secular women in urban areas have demanded reforms and forced the Islamic state to return to the position of the pre 1979 reforms Providing a history of Iran an introduction to Islamism and an analysis of the women and Islam debate this book will be necessary reading for students and academics of Middle East studies women s studies and labour studies

Women, Islam and Education in Iran Goli M. Rezai-Rashti, Golnar Mehran, Shirin Abdmolaei, 2019-02-21 Drawing on the complexities and nuances in women s education in relation to the aftermath of the 1979 Iranian Revolution this edited collection examines implications of religious based policies on gender relations as well as the unanticipated outcomes of increasing participation of women in education With a focus on the impact of the Islamic Republic s Islamicization endeavor on Iranian society specifically gender relations and education this volume offers insight into the paradox of increasing educational opportunities despite discriminatory laws and restrictions that have been imposed on women

Jewels of Allah Nina Ansary, 2015 The popular narrative about women s

lives in Iran over the last forty years goes something like this During the Pahlavi Monarchy women were on an upward trajectory In a nation on the cusp of modernity women actively participated They were given the right to vote and were free to be in public without veils they wore miniskirts on university campuses Then came the Islamic Revolution in 1979 with Ayatollah Khomeini at the helm The burgeoning freedoms for women were extinguished The veil was required and institutions were segregated by gender The Islamic Republic had thus achieved its goal of resurrecting the image of the traditional Muslim woman The problem with popular narratives is that despite their convenient half truths the real story is more complicated unexpected and less tidy Inspired by author Nina Ansary s scholarly journey *Jewels of Allah* is a provocative roller coaster ride that shatters the stereotypical assumptions and the often misunderstood story of women in Iran today Highlighting many courageous female leaders and advocates throughout Iran s history the book illuminates the unanticipated consequences of the Islamic Revolution and the unexpected twists and turns leading to a full blown feminist movement within a post revolutionary patriarchal society *Jewels of Allah* is dedicated to every individual oppressed by discriminatory ideology 100% of all proceeds from the sale of the book will go to charitable organizations and institutions with the primary recipient being the OMID Foundation a 501 c 3 registered organization that has been empowering disadvantaged young women in Iran for over 10 years For more information on the OMID Foundation please visit <http://www.omidfoundation.com>

[The Politics of Women's Rights in Iran](#) Arzoo Osanloo,2009-03-29 Arzoo Osanloo presents an ethnographic study that explores how conceptions of liberal entitlements fused with a discourse of equality in Islam in the post revolutionary era to inform shape women s perceptions of rights *Gender in Contemporary Iran* Roksana Bahramitash, Eric Hooglund,2011-03-29 This book examines gender and the transformation of contemporary Iran In particular it documents the changes in women s lives challenging the idea that the revolution put back the clock for women and showing how they have now become agents of social change rather than victims *Beyond the veil: Discrimination against women in Iran* ,2019-09-16 Despite some progress in certain areas such as access to education and health care the human rights environment for women in Iran continues to be characterized by inequality and exclusion Iran is one of just six UN member states that have not signed the Convention on the Elimination of all Forms of Discrimination against Women and its national legislation enshrines many barriers to accessing basic rights in areas such as employment marriage and citizenship These issues are especially pronounced for minority women who often face intersectional discrimination on account of their ethnic and religious identity These restrictions continue to be justified with reference to national values and the state sanctioned interpretation of Shi a Islam with far reaching implications for women in both their public and private lives The secondary status of women is reflected not only in their limited representation in the country s politics and judiciary but also in their own homes as by law husbands retain primary control over domestic affairs Across the country particularly in its more remote and impoverished areas many women struggle with normalized patterns of coercion physical violence and

marital rape a crime currently unrecognised in Iranian law Many ongoing efforts at reform within Iran have been obstructed with recent protests by women activists against state repression accompanied by an apparent escalation in official surveillance and intimidation While perpetrators of violence against women including police have enjoyed a high level of impunity demonstrators advocating for an end to the mandatory wearing of the hijab and other issues have faced physical attacks detention and prosecution with some high profile activists handed lengthy sentences in prison Women in Iran will continue to experience marginalization violence and repression without a wide ranging transformative process of reform within the country This should address not only the inequitable legal frameworks surrounding issues such as employment political participation personal security and other freedoms but also the broader social hierarchies within communities families and households that uphold discrimination against women
