Trouble With Tuck Signed:

Surviving the Evacuation, Book 20: Small Cogs in the Survival Machine Frank Tayell, 2023-02-24 The final evacuation begins A year and a half after the collapse of civilisation pirates plague the Atlantic the Saint Lawrence River is a radioactive dead zone and the forests of Quebec are succumbing to disease With insufficient supplies to last until autumn the survivors in Eastern Canada have no choice but to flee A final evacuation is planned to migrate across the breadth of irradiated North America to what they hope will be permanent safety on the Pacific coast Until they leave life goes on and children grow up For Jay that means getting a job Apprenticed to old George Tull he is tasked with scouting the Digby Peninsula for roadworthy vehicles left behind during the first evacuation of Canada Instead he finds signs that an old foe has returned For the Canadian evacuation not to become a deadly tragedy like its British forebear safe roads and intact bridges must be found Tuck and Sorcha join the soldiers mapping the tracks and trails through the dying forests of Quebec It should be a straightforward mission but the starving bears and predatory wolves are not as great a danger as the desperate survivors who wish to be forgotten by the world With increasing desertification on land and rising toxicity in the oceans it is unclear for how much longer the planet can sustain life With imminent annihilation a real possibility the more populous group of survivors in the Pacific plan a multi faith expedition to Jerusalem and Mecca For the devout it is an opportunity to complete a pilgrimage For the politicians it is a chance to diminish the power of the ascendant crusaders extremists and death cults For a few it is an opportunity to hunt for the friends and family abandoned during the escape from Europe

Surviving The Evacuation, Book 7: Home Frank Tayell, 2015-08-10 The outbreak began in February Nations went to war Governments collapsed Billions died in the chaos and anarchy that followed Billions more were infected They died They came back It is now October and out of the tens of millions who lived in southern England only ninety people remain They sought sanctuary behind the ancient walls of the Tower of London but it was only a temporary refuge There is no more food to be scavenged from the ruins of the old world Their water supply is polluted As the days get shorter the weather worsens and people begin to get sick They have been betrayed and are besieged by the living and undead alike Over their heads hangs the threat of a last catastrophic weapon This spectre of the old world conspiracy that brought the living dead to plague the Earth leaves them with a terrible decision Some must be sacrificed so that amidst the horror others might find somewhere in the undead wasteland that they can call home 80 000 words Other books in the series 1 London 2 Wasteland Zombies vs the Living Dead 3 Family 4 Unsafe Haven 5 Reunion 6 Harvest 7 Home Here We Stand 1 Infected 2 Divided Book 8 Anglesey Post apocalyptic detective novels Serious Crimes Counterfeit Conspiracy Work Rest Repeat
