Troy And Knossos:

Troy and Knossos Peter Hicks,1997-01-01 Describes the Aegean civilizations and the archaeological efforts to excavate the ancient cities of Troy and Knossos **Troy & Knossos, Library Book Ancient Civilization** ,1998 Knossos, Mycenae, Troy Natale Barca,2023-03-31 This work puts a particular emphasis on the mixing and osmosis of the first Mediterranean civilizations with particular reference to the Minoan Cycladic Mycenaean and Trojan and on the causes of their decline which are to be identified in a jumble of natural and human causes and in a long lasting slow but irreversible crisis It takes into account that the Mediterranean Dimension of the Bronze Age is a garden in which many legends flourished clearly distinguishing between myth and history and always bearing in mind that legends are not to be taken literally nonetheless they often have a grain of truth It does not aim to provide an exhaustive report but to compose a broad and evolutionary picture in which the facts and their connections which are deducible from archaeological evidence or from the accounts of ancient historians find their place in their consequentiality Its originality lies not in the choice of the subject but in the way of treating it The author introduces and explains in order to be read and perhaps to get excited Another characterizing element of Knossos Mycenae Troy is the wide use of the historical present that is made there to represent events and construct the text to reduce the reader s distance from the narrated events and facilitates their approach to them This book aims to provide the reader with an overall picture of the cultures that laid the foundations of Western civilization which is not generic but rather detailed and updated and which has scientific solidity The Destruction of Troy Robert Wilson,1977 Discusses the excavations of Heinrich Schliemann at Troy and other Aegean sites presents the mythology connected with Agamemnon and speculates on the decline of the Mycenaean civilization **The Destruction of Knossos** H.
