**Get Started: Wine Appreciation** David Williams, 2013-01-17 Ever wanted to learn more about wine but don't know where to begin? Take the first step with *Get Started Wine Appreciation*, part of a new series of learning guides from DK where nothing is assumed and everything is explained. Each course follows the same structure: start simple and learn the basics, build on what you've learned, and then show off your new skills. *Get Started Wine Appreciation* teaches complete beginners the skills needed to identify and appreciate wine. Start simple with the differences between key wines, build on your skills with tasting sessions on different grape varieties, and then show off with wines from different climates and regions. With step-by-step pictures and practice exercises to keep you on the right track, *Get Started Wine Appreciation* will help you learn your new skill in no time. More than any other series on the market, DK's *Get Started* aims to provide the reader with carefully structured learning and a classroom approach to teaching that allows you to build your own course from practical lessons and themed projects. Each book begins by answering fundamental questions, identifying an essential starter kit of tools and equipment, and explaining how to build a course. The book then divides into subject areas with key techniques for each area demonstrated through visual glossaries and step-by-step projects followed by graded projects with annotated instructions and an assessment of how to build on achievements. Let DK be the perfect one-on-one tutor you never had: patient, illuminating, inspiring, always at hand to point you in the right direction so you can achieve your potential. [The Taste of Wine](#) Emile Peynaud, Jacques Blouin, 1996-10-14 Emile Peynaud's *Le Gout du Vin* has long been considered the definitive book on winetasting by professional tasters. Now this new English language second edition makes his timeless classic truly accessible to a new generation of American readers. *The Taste of Wine* is Peynaud's complete examination of the science and practice of winetasting with detailed treatment of the senses and how they function, tasting techniques, and problems of wine balance and quality, winetasting vocabulary training, and the art of drinking. A brilliant synthesis of the Bordeaux and Burgundy Beaujolais schools of tasting, Peynaud's unique method combines the subjective description of wine with well-established scientific principles, forming an approach which is definitive, comprehensive, and free of esoteric jargon. With a foreword by Michael Broadbent, this edition features Michael Schuster's excellent translation which retains all of the wit and sparkle of the original while remaining faithful to Peynaud's precise vocabulary. The text is beautifully complemented by a carefully selected range of illustrations and full-color photographs which give full expression to the principles and spirit of the book. As vital to increasing our understanding of winetasting as it is to enhancing our appreciation of wine, *The Taste of Wine* will be savored by professionals and amateurs for generations to come.
