Wolfgang Hilbig:

'i' Wolfgang Hilbig, 2019-09-15 The perfect book for paranoid times I introduces us to W a mere hanger on in East Berlin's postmodern underground literary scene All is not as it appears though as W is actually a Stasi informant who reports to the mercurial David Bowie look alike Major Feuerbach But are political secrets all that W is seeking in the underground labyrinth of Berlin In fact what W really desires are his own lost memories the self undone by surveillance his I First published in Germany in 1993 and hailed as an instant classic I is a black comedy about state power and the seductions of surveillance Its penetrating vision seems especially relevant today in our world of cameras on every train bus and corner This is an engrossing read available now for the first time in English Hilbig writes as Edgar Allan Poe could have written if he had been born in Communist East Germany Los Angeles Review of Books [The Interim](#) Wolfgang Hilbig, 2021 This monumental novel about an anguished East German writer interrogates with bitter wit the detritus of late twentieth century life alcoholism car culture consumerism God love statelessness and above all else the writer's place in a century of lies [Under the Neomoon](#) Wolfgang Hilbig, 2024-06-11 In these early stories Wolfgang Hilbig 1941 2007 summons visions of smoldering factory pits rampant nature and split identities Isabel Fargo Cole's translations masterfully distill the East German writer's distinctly intense language garlands of cast iron flowers tall dark green water grasses and expressions of class conscious ferocity and regret *East Germany*, 2021-10-25 *Women* Wolfgang Hilbig, Robert Lee Rhudy, 1991 **Speaking the Taboo** Paul Cooke, 2000 Wolfgang Hilbig is a writer who is widely acknowledged as one of the most important to have emerged from the former GDR In this study the first in English Paul Cooke explores the interplay of aesthetic and social taboos as defined by the official discourse of the GDR in a cross section of Hilbig's critical writing poetry and prose The protagonists in Hilbig's texts suffer from a profound crisis of identity due to the disparity between the state's official presentation of life in the East and their own experience Cooke argues that through their exploration of the taboo i.e. that which is excluded from the state's official discourse Hilbig's characters attempt to break through the banal rhetoric of the ruling elite in order to realise an authentic sense of self **Habermas and Literary Rationality** David L. Colclasure, 2010-06-10 The book is different from other work in the philosophy of literature to the extent that it aims to retool Jürgen Habermas theory of communicative action to provide a description of the role that literature plays in the political public sphere Literary scholarship has paid little serious attention to Habermas philosophy and on the other hand the reception of Habermas has given little attention to the role that literary practice can play in a broader theory of communicative action Colclasure's argument sets out to demonstrate that a specific literary form of rationality inheres in literary practice and the public reception of literary works which provides a unique contribution to the political public sphere **Germany in the Loud Twentieth Century** Florence Feiereisen, Alexandra Merley Hill, 2012 This book introduces German Sound Studies using a transdisciplinary approach It invites readers to auralize space by describing characteristically

German soundscapes in the long twentieth century including the noisy city of the early 1900s the sounds of East and West Germany and hip hop soundscapes of the millennium

Echoes of Surrealism Gerrit-Jan Berendse, 2021-05-14 For many artists and intellectuals in East Germany daily life had an undeniably surreal aspect from the numbing repetition of Communist Party jargon to the fear and paranoia engendered by the Stasi *Echoes of Surrealism* surveys the ways in which a sense of the surreal infused literature and art across the lifespan of the GDR focusing on individual authors visual artists directors musicians and other figures who have employed surrealist techniques in their work It provides a new framework for understanding East German culture exploring aesthetic practices that offered an alternative to rigid government policies and questioned and confronted the status quo

A.U.M.L.A. ,2001 **Monatshefte** ,2017 **The Sleep of the Righteous** Wolfgang Hilbig, 2015 *Doppelgänger* a murderer's guilt pulp noir fanatical police and impossible romances these are the pieces from which German master Wolfgang Hilbig builds a divided nation battling its demons Delving deep into the psyches of both East and West Germany *The Sleep of the Righteous* reveals a powerful apocalyptic account of the century defining nation's trajectory from 1945 to 1989 From a youth in a war scarred industrial town to wearying labor as a factory stoker surreal confrontations with the Stasi and finally a conflicted escape to the West Hilbig creates a cipher that is at once himself and so many of his fellow Germans Evoking the eerie bleakness of films like Tarkovsky's *Stalker* and *The Lives of Others* this titan of German letters combines the Romanticism of Poe with the absurdity of Kafka to create a visionary somber statement on the ravages of history and the promises of the future

Legacies and Identity Martin Kane, 2002 This volume seeks to trace the robustly critical process of historical political and personal self examination to be found in German literature of the 1990s Scholars from Australia Britain Germany and the USA have contributed essays which deal with a broad range of East and West German writers Biskupek Grass Hilbig K nigsdorf Maron Mensching Walser Wenzel and Wolf as well as with general topics such as literature and the Stasi and the response to the aftermath of unification to be found in autobiographical writing lyric poetry satirical fiction and cabaret texts For all their diversity a common thread can be discerned in these writers and the literature they have produced a concern for the particularity of the East German experience past and present and a desire to explore that discrete identity in both its positive and negative aspects which stubbornly persisted over a decade in which the citizens of the German Democratic Republic saw themselves their institutions and their culture swept up and consigned to oblivion

GNR ,2004 **Dimension2** ,1994 **Telos** ,2006

Representing East Germany Since Unification Paul Cooke, 2005-08 Cooke maps out the problematic path of German national identity as it struggles to deal with the legacy of division Drawing on postcolonial theory he argues that the East has been defined as the West's exotic other and shows how this stereotype has been vigorously challenged

Kultur Chronik ,2002 *Contemporary German Writers, Their Aesthetics and Their Language* Arthur Williams, K. Stuart Parkes, Julian Preece, 1996 The aesthetic and linguistic concerns of German language writers are explored against the backdrop of a

readership in transition Two essays examine intertextuality as a concept and as a phenomenon in the work of Christa Wolf before the first main set aesthetics addresses narrative techniques Jurek Becker Wolfgang Hilbig Hans Joachim Sch dlich formal experimentation Ror Wolf Helmut Hei enb ttel Hanns Josef Ortheil allegory Christoph Ransmayr metaphor Eveline Hasler feminine aesthetics Brigitte Kronauer Anne Duden and links between literature and photography Rolf Dieter Brinkmann The second main group presents a series of analyses of language as problem and practice Sprachlosigkeit Ilse Aichinger Robert Schneider logocentricity and etymology Heinrich B ll Elisabeth Reichart and authenticity and clich Werner Schwab Rainald Goetz Ralf Schnell s concluding essay is an assessment of a situation which allows writers more freedom as the shackles of the past are cast off

Christoph Hein William John Niven, David Clarke, 2000 Christoph Hein is widely regarded as one of the most important authors to emerge from the former GDR He began his career as a dramatist in the 1970s and later produced some of the most acclaimed prose fiction of the GDR in the 1980s Hein is also a prolific essayist and lecturer whose contributions to debates on GDR culture before the Wende and on the future of the united Germany are widely recognized He is president of the newly unified German PEN Centre Christoph Hein follows the pattern set by earlier volumes in the series opening with a previously unpublished piece by Hein a biography of the author and a interview conducted during Hein s stay in Swansea in March 1998 The volume includes five articles by British and German academics as well as a contribution by Hein s Lektorin at Aufbau Verlag who offers an insight into the composition of Hein s most recent novel *Von allem Anfang an* 1997 The volume ends with the most comprehensive bibliography on Christoph Hein to be published on 1992
