Wolfs Lair:

Full Moon Edward Cerda, 2010-10-16 The adventure continues with Sergeant Rock and his men fighting vampires werewolves zombies and enemy Vietcong soldiers deep within the jungles of Vietnam After their first encounter with a clan of blood thirsty vampires and zombies hungry for human flesh these American soldier s only desire is to return safely back to their own lines Their journey takes them through a valley filled with numerous terrors and creatures that feast on human flesh The valley that lies before them is the kingdom of the werewolves and every step that they take takes them closer to either death or survival In any case their adventure will lead them through horror and terror and encounters with not just enemy Vietcong soldiers but werewolves that only desire to tear their flesh from their bones The leader of the werewolf pack has personal knowledge of Sergeant Rock and his capabilities for survival This makes the wolf leader even more determined that Sergeant Rock and his men must die Full Moon is full of action and packed with excitement from start to finish Both sides of the battle spill blood and guts Once you start reading this great exciting adventure you won t want to put this book down Look for the next exciting story of Sergeant Rock and his men s adventures into the unknown and terror Look for them in their fantastic adventure of supernatural battles between human and non human creatures in Bermuda Gold Bermuda Gold deals with well let s just wait till the book comes out in print But for the avid reader of exciting adventures whether horror or just plain terror Bermuda Gold contains just that Take a journey of terror and excitement with sergeant Rock and his combat soldiers Be on the look out for Bermuda Gold

Operation Valkyrie Pierre Galante, 2002-07-08 The bomb that exploded in the Wolf s Lair Hitler s command headquarters on July 20th 1944 was the closest any assassination attempt ever came to ridding the world of the Nazis F hrer Pierre Galante s account of the years that led up to the attempt and its grim aftermath offers an illuminating look at how dissent among the German officer corps grew until something had to be done Conspirator General Adolf Heusinger who met with Hitler on hundreds of occasions provides his personal accounts of the disintegrating obedience of the German commanders as the war turned against them Their plan to kill Hitler establish a provisional government and negotiate with the Allies for peace known as Operation Valkyrie is described here in depth

Standing Up To Hitler Norman Ridley, 2025-11-25 Resistance in Nazi Germany was a brave but extreme reaction to the totalitarian regime requiring individuals to confront evil face torture and risk death In a country with no tolerance for dissent opposition meant confronting the brutal consequences of one s actions often with little hope of changing the course of events Most stories of German opposition focus on the failed assassination attempt on Hitler on 20 July 1944 by Oberst Claus von Stauffenberg However this was just one of many plots against the F hrer involving military and political leaders who sought peace by eliminating Hitler Many of these individuals if they had survived might have faced war crime charges at Nuremberg This book explores both the military and diplomatic figures who resisted Hitler as well as other forms of internal opposition that predated Nazi control of the Reichstag in 1933 It highlights the tens of thousands who were imprisoned tortured or

executed for standing against the dictatorship The elites who welcomed the end of Weimar democracy were often more willing to accommodate Hitler but many others motivated by religious political or humane beliefs refused to compromise showing immense courage and sacrifice The book also examines the Gestapo s efforts to track down and eliminate these resistance groups

Centuries Apart Edward Tracy Bouvé,1894 A secret Civil War mission is disrupted when the troopships are blown off course by a storm and discover a sixteenth century English society that has established a colony called South England in the south polar sea A lost race situation used as a device for a historical romance

Assassin J. Bowyer Bell,2017-09-29 Assassination as a political act has a long history predating the murder of Julius Caesar and continuing into our own time The murder of the mighty has long fascinated artists and rebels but only rarely has it been studied in a scholarly manner In *Assassin J* Bowyer Bell combines existing historical evidence with years of personal interviews with terrorists in Africa the Middle East and Europe The result is an incisive study of that enigmatic figure the revolutionary killer As Bell makes clear the motives of the actors and effectiveness of assassination vary widely across time and place Assassination in many parts of the world has not only been a normal political act rational explicable but also often effective in some cases taking fewer lives in the transfer of power than an election Likewise there have been all kinds of assassins personal psychopathic professional ranging from lonely failures trying to make their mark to authorized agents of the state Using the assassination of Henry IV of France as a historical backdrop Bell writes about contemporary political murder from the perspective of one who has studied the subject of political violence for decades Bell has met with or known well the perpetrators conspirators and intended victims of assassination who have escaped His interviewees include a radical Irish revolutionary leader an American Arabist diplomat a spokesman for the PLO and the president of a Mozambique liberation movement The itinerary of his investigative journeys covers most of the flashpoints of contemporary political violence The people and places studied here at firsthand are engaged in a deadly game The attrition rate is often high the power fleeting and the consequences often unforeseen If past is prologue assassination is to be with us for years to come The volume will be essential reading for those engaged in the prevention of political violence and terror as well as historians and political scientists
