Advances in Best-Worst Method Jafar Rezaei, Matteo Brunelli, Majid Mohammadi, 2023-01-31 This book presents recent advances in the theory and application of the Best Worst Method BWM It includes selected papers from the Third International Workshop on Best Worst Method BWM2022 held in Delft the Netherlands from 9 to 10 June 2022 The book provides valuable insights on why and how to use BWM in a diverse range of applications including health energy supply chain management and engineering Moreover it highlights the use of BWM in different settings including individual decision making vs group decision making and with complete information vs incomplete and uncertain information Academics and practitioners whose work involves multi criteria decision making and decision analysis will particularly benefit from the papers gathered here

**Routledge Handbook of Consumer Protection and Behaviour in Energy Markets** Tina Soliman Hunter, Marcin Kraśniewski, Jurgita Malinauskaite, Marzena Czarnecka, 2024-09-27 The Routledge Handbook of Consumer Protection and Behaviour in Energy Markets provides a comprehensive study of consumer protection and consumer behaviour in selected jurisdictions worldwide Each chapter is written by experts and provides a contemporary overview of national consumer protection and policy developments in the energy sector Today energy has become an essential factor in ensuring the socio economic development of any country and improving the quality of life of society and is now an essential element of life for everyone The energy market has become a competitive market based on the assumption that generation and sale of energy is not a natural monopoly and that market mechanisms in particular competition between energy companies are the best way to reduce prices and improve customer service The purchase of energy is inextricably linked with its distribution from the producer to the purchaser The book shows that well functioning energy markets need informed and well protected consumers who can benefit from competition and transparent offers They are free to choose the most competitive providers and know their rights with access to effective means of redress Given that the energy market has a specific technical nature the book analyses the energy market within the scope of free market principles with a focus on the protection of the weaker party to the contract the consumer In addition consumers can also play an active part of the clean energy transition

*The Best of Instructables Volume I* The editors at MAKE magazine and Instructables.com, 2008-10-14 In just three years Instructables.com has become one of the hottest destinations for makers and DIY enthusiasts of all stripes Known as the world's biggest show tell makers from around the globe post how to articles on a staggering variety of topics from collecting rainwater for lawn care to hacking toy robots to extracting squid ink Now with more than 10 000 articles the Instructables staff and editors of MAKE magazine with help from the Instructables community have put together a collection of solid time and user tested technology and craft projects from the site The Best of Instructables Volume 1 includes plenty of clear full color photographs complete step by step instructions as well as tips tricks and new build techniques you won't find anywhere else even material never seen before on Instructables Some of the more popular how to articles include The LED

Throwie magnetized electronic graffiti that's become a phenomenon How to craft beautiful Japanese bento box lunches Innovative gaming hacks such as how to add LED lights and custom molded buttons to a video game controller New twists on personal items such as the Keyboard Wallet the Electric Umbrella and stuffed animal headphones While the book focuses on technology it also includes such projects as creating cool furniture from cheap components ways of making your own toys and killer sci fi and fantasy costumes and props Anything but a reference book The Best of Instructables Volume I embodies the inspirational fun creativity and sense of community that has attracted more than 200 000 registered members in just three years Many of the articles include sidebars that show how other builders have realized or improved upon the same project Making things is cool again everyone wants to be a creator not just a consumer This is the spirit of the new handy heyday fostered by Instructables com MAKE magazine and others and celebrated by this incredible book The Best of Instructables Volume 1

**Best Practices in State and Regional Innovation Initiatives** National Research Council,Policy and Global Affairs,Board on Science, Technology, and Economic Policy,Committee on Competing in the 21st Century: Best Practice in State and Regional Innovation Initiatives,2013-07-04 Most of the policy discussion about stimulating innovation has focused on the federal level This study focuses on the significant activity at the state level with the goal of improving the public's understanding of key policy strategies and exemplary practices Based on a series of workshops and conferences that brought together policymakers along with leaders of industry and academia in a select number of states the study highlights a rich variety of policy initiatives underway at the state and regional level to foster knowledge based growth and employment Perhaps what distinguishes this effort at the state level is most of all the high degree of pragmatism Operating out of necessity innovation policies at the state level often involve taking advantage of existing resources and recombining them in new ways forging innovative partnerships among universities industry and government organizations growing the skill base and investing in the infrastructure to develop new technologies and new industries Many of these initiatives are being guided by leaders from the private sector and universities The objective of Best Practices in State and Regional Innovation Initiatives Competing in the 21st Century is not to do an empirical review of the inputs and outputs of various state programs Nor is it to evaluate which programs are superior Indeed some of the notable successes such as the Albany nanotechnology cluster represent a leap of leadership investment and sustained commitment that has had remarkable results in an industry that is actively pursued by many countries The study's goal is to illustrate the approaches taken by a variety of highly diverse states as they confront the increasing challenges of global competition for the industries and jobs of today and tomorrow [The Best of Instructables](#) The editors at Make magazine and Instructables. com,2008 This work
