**State Intervention in Medical Care** J. Rogers Hollingsworth, Jerald Hage, Robert Hanneman, 2019-05-15 State Intervention in Medical Care is a substantial and unique contribution to the ongoing debate about government participation in the delivery of medical care It offers historical cross national comparisons of the performance of medical systems in Britain France Sweden and the United States over most of the last century J Rogers Hollingsworth Jerald Hage and Robert A Hanneman examine the impact of state intervention on a number of characteristics mortality rates the per capita cost of medical care the social efficiency of the delivery of services the introduction and diffusion of innovations and the equality of the system including not only regional or spatial equality but also equality in access to medical resources and equality in levels of health across social classes and income groups

**State Intervention in Medical Care** Joseph Rogers Hollingsworth, Jerald Hage, Robert Hanneman, 1990 A substantial contribution to the ongoing debate about government participation in the delivery of medical care this volume offers historical cross national comparisons of the performance of medical systems in Britain France Sweden and the US over most of the last century At a time when many call for privatization the findings and data analyses strongly suggest that the role of state intervention has been by and large a positive one Annotation copyrighted by Book News Inc Portland OR

*Understanding Health Services* Nick Black, Reinhold Gruen, 2005-08-01 No single discipline can provide a full account of how and why health care is the way it is This book provides you with a series of conceptual frameworks which help to unravel the apparent complexity that confronts the inexperienced observer It demonstrates the need for contributions from medicine sociology economics history and epidemiology

**Health, Illness, and Medical Care in Japan** Edward Norbeck, Margaret Lock, 2019-03-31 This is one of the first attempts to explore the effects of social political and cultural variables on the interpretation of ideas about health illness and medical care in a technologically rich society In this collection of essays five anthropologists and one political scientist demonstrate that modern medical care in Japan is not a uniform value free scientific endeavor but rather a culturally shaped part of a complex pluralistic medical system that is itself the product of a specific historical and social tradition The comparative study of health illness and medical care provides a rich source of cross fertilization of ideas among the social sciences This collection of essays offers new insights on and raises new questions about contemporary Japanese society biomedicine as a cultural product and the transformation that occurs when medical knowledge and techniques are used in a different cultural milieu
