Excerpt from State Trials Political and Social Vol 3 Dear Savile When I published two little volumes of State Trials two years ago I addressed my Introduction to Gerald for reasons which will be sufficiently obvious to you On the advice of my friends particularly of my publisher I am now publishing two more similar volumes and I venture to address my Introduction to you because there is no man and Gerald will agree with me in this who represents better than you the kind of reader whose favourable opinion I value I need not repeat what I said before about the methods I have followed in compiling the following pages But there are one or two unconnected points to which I should like to draw your attention To begin with all the trials in these volumes with one important exception come out of Howell About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *State Trials, Political and*

succeeds or fails I can count confidently on your sympathy I will throw into the form of a letter to you the few remarks which I might otherwise put into a preface For as I have confessions to make which amount almost to an apology I had rather address them to one who is pledged to express the most favourable possible view Of my literary efforts such as they are than to that hypothetical reader Of whose tastes I feel most shamefully ignorant though I am ready to assume everything in his favour About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
