Liberty has been a symbol of the United States guaranty of individual freedom and its location took on added meaning as it welcomed millions of immigrants sailing across the Atlantic to nearby Ellis Island As one incoming Greek immigrant remembered I saw the Statue of Liberty And I said to myself Lady you re such a beautiful sic You opened your arms and you get all the foreigners here Give me a chance to prove that I am worth it to do something to be someone in America And always that statue was on my mind People around the world are instantly familiar with the statue today whether from seeing pictures or depictions of it or actually visiting it and going inside but the story of its construction is just as fascinating Conceived as a monument that would commemorate the crucial alliance between America and France the statue was a massive undertaking from fundraising to the construction of the sculpture and a pedestal The project took several years and a precarious transport of the statue s pieces across the Atlantic to New York where it was officially dedicated in 1886 and celebrated with a ticker tape parade Even before that the statue was so famous on both sides of the Atlantic that the head and torch had been displayed at various exhibits prior to the completion of the statue Ironically given the widespread fame of the Statue of Liberty its history was turbulent and controversial While those who conceived of the statue had a difficult time securing the funding there were arguments over where the statue should go and how everything from the pedestal to the statue itself should be built In hindsight it seems like a foregone conclusion that one of America s most famous monuments would be completed but it would actually take almost 15 years for the Statue of Liberty to be designed constructed and completed and the lion s share of the credit would go not to Americans but to dedicated French artists and engineers who pushed on with the work against major obstacles and heavy odds The Statue of Liberty The History and Legacy of America s Most Famous Statue chronicles the design and construction of Lady Liberty Along with pictures of important people places and events you will learn about the Statue of Liberty like never before in no time at all **The Statue of Liberty** Anne Hempstead,2006 For many Americans the Statue of Liberty was their first glimpse of the country they came to call home The story of the Statue of Liberty is as fascinating as the country she represents Learn how she came to be created and how she came to represent freedom for oppressed people around the world *The Statue of Liberty Enlightening the World* Frédéric Auguste Bartholdi,1885 *The Story of the Statue of Liberty* Natalie Miller,1965 Describes the construction of the Statue of Liberty from Auguste Bartholdi s original idea to its dedication in October 1886 **What Is the Statue of Liberty?** Joan Holub,2014-05-29 Describes the history of the Statue of Liberty including its origins as a gift from France and its construction and explores the landmark s enduring symbolism of freedom democracy and friendship [The Statue of Liberty](#) Jennifer Fandel,2005-07 Recounts the history of the famed statue including how it was built in France shipped to America and reassembled on a pedestal in New York Harbor **What Is the Statue of Liberty?** Janice Behrens,2009-03 Describes the history of the Statue of Liberty *Statue of Liberty* Tamra B Orr,2016-01-01 Introduces young readers to primary sources related to the Statue of Liberty **The Statue of Liberty** Holly Karapetkova,2013-03-01 Describes the

history of the well known statue that has been an enduring symbol of liberty and freedom in America *The Statue of Liberty* Edward Berenson, 2012-05-29 If you think you know all there is to know about the Statue of Liberty you ll be pleasantly surprised The New York Times When the crated monument first arrived in New York Harbor few could have foreseen the central place the Statue of Liberty would come to occupy in the American imagination In this book cultural historian and scholar of French history Edward Berenson tells the little known stories of the statue s improbable beginnings transatlantic connections and the changing meanings it has held for each successive generation He tells of the French intellectuals who decided for their own domestic political reasons to pay tribute to American liberty the initial less than enthusiastic American response and the countless difficulties before the statue was at last unveiled to the public in 1886 The trials of its inception and construction however are only half of the story Berenson also shows how the statue s symbolically indistinct neoclassical form has allowed Americans to interpret its meaning in diverse ways as representing the emancipation of the slaves Tocqueville s idea of orderly liberty opportunity for huddled masses and in the years since 9 11 the freedom and resilience of New York City and the United States in the face of terror Includes photos and illustrations Endlessly fascinating Louisville Courier Journal **The Story of the Statue of Liberty** Xavier Niz, Xavier W.
