## **Statutory Interpretation:**

**Legislative Law and Statutory Interpretation** Otto J. Hetzel, Michael E. Libonati, Robert Forrest Williams, 2008 Based on the premise that the study of legislation requires more than simply an inquiry into the courts efforts at legislative interpretation this casebook employs a variety of approaches to convey the legislature s role in shaping the law including political science materials case studies and appellate cases Statutory interpretation is the central element of a course on Legislation and each chapter incorporates the basics of interpretation to clarify how each topic fits in with the course as a whole The authors first introduce students to legislation as the primary vehicle for making the law before discussing the interaction of legislation and common law They then address the structure of operation of the legislature as an institution of government to provide a foundation for approaches to interpretation stressing legislative purpose and legislative history Discussion of the variety of legislative process restrictions applicable to legislative lawmaking introduces students to the anatomy of a statute and the formal and procedural constraints imposed by federal and state constitutions on the lawmaking process With regard to statutory interpretation a new way of organizing text based arguments beyond plain meaning interpretation precedes intent based approaches to interpretation in turn followed by canon based arguments demonstrating the weaknesses inherent in their use Legislative Law and Statutory Interpretation then covers five broad areas generally organized to reflect questions of institutional judicial or legislative competence including materials on clear statement requirements retroactivity severability deference to administrative agency decisionmaking and overruling of statutory precedents and interpretation of state statutes by federal courts and vice versa This book also is available in a heavily discounted three hole punched alternative loose leaf version printed on 8 x 11 inch paper with wider mar A Dictionary of Statutory Interpretation William D. Popkin, 2007 Statutory interpretation has become the most commonly required skill of the modern lawyer A Dictionary of Statutory Interpretation provides a ready reference to the important terms and ideas that arise in connection with determining the meaning of legislation Chapter 1 includes over 100 entries including the following ambiguity the absurdity canon linguistic and substantive canons legislative intent legislative purpose legislative history textualism Legal Realism Law and Economics Each entry includes a definition an explanation of the relevance of the term and ideas for statutory interpretation some history about its use and a concise discussion of contemporary issues The author expresses his point of view in the discussion of these issues which is generally skeptical about textualism but presents all sides of the debate A reference section allows for further research on each subject Chapter 2 includes over 35 famous quotations dealing with the interpretation of statutes along with historical and critical commentary The entries include Learned Hand Holmes Calabresi Posner Easterbrook Pound Blackstone etc The book will be useful for lawyers judges law professors and law students who want an entry into the contemporary debate about how to interpret legislation along with an insight into what is at stake in those debates filled with usefully extended treatments of important and interesting legal terms

The Green Bag This book will be a useful tool for readers or libraries needing a good single volume guide to statutory interpretation Summing up Highly recommended CHOICE Librarians and researchers should consider A Dictionary of Statutory Interpretation an essential reference work for a very affordable price It will likely become a go to resource when quick but in depth analysis of a statutory interpretation question is sought Legal Information Alert Volume 26 Issue 9 Alert Publications Inc Chicago IL www.alertpub com

**Mastering Statutory Interpretation** Linda D. Jellum,2013 Mastering Statutory Interpretation explains the methods of interpreting statutes including a discussion of the various theories and canons of interpretation The book begins by exploring these theories and identifying the sources of meaning the theorists use to interpret statutes including intrinsic extrinsic and policy based Throughout the text uses the major cases in each area of study to explain how the canons work in practice Finally each chapter provides a concise roadmap and summary to introduce and encapsulate the most important material The second edition adds one new chapter to address the administrative issues that faculty teaching legislation and regulation need as well as a running hypothetical to help students better implement what they are learning

Legal Method Sharon Hanson,2000-10-17 The competent study of law is a finely tuned balance of excellent language ability good reading and writing skills good personal study discipline a thorough appreciation of the relevant areas of substantive law and excellent argumentative skills Legal method is an important area of study for two main reasons First it is important for the range of techniques that it can offer to break into legal texts both primary and secondary Secondly it exposes reasoning processes concerned with the theory and practise of law The book deals in both the areas mentioned and aims to deal with issues of

**Statutes in Court** William D. Popkin,1999 A history of the discretion accorded U S judges in interpreting legislation from the Revolution to the present culminating in the author s own theory of the proper scope of judicial discretion

The Interpretation and Application of Statutes Frederick Reed Dickerson,1975 This work discusses the constitutional foundations that govern the relations between the legislature and the courts and the issues of separation of powers with respect to statutes Concepts of legislative meaning intent purpose and context are described in detail

*Statutory Interpretation* Rupert Cross,1976

Interpreting Statutes Suzanne Corcoran,Stephen Bottomley,2005 Interpreting Statutes was cited 4 times by the High Court in Momcilovic v The Queen 2011 HCA 34 8 September 2011 Interpreting Statutes has been written for lawyers and judges who must interpret statutes on a daily basis as well as for students and scholars who have their own responsibility for the future This book takes a new approach to statutory interpretation The authors consider the fundamental importance of context in statutory interpretation across various fields of regulation and explore the problems which arise from the frequent disjunction between regulatory design and subsequent statutory interpretation As a result they bring to the fore fundamental theoretical questions underlying interpretive choice and expand our appreciation of how critical interpretive issues are to the proper functioning of our legal system The book is divided into two parts The first covers several areas dealing with fundamental theoretical issues The second deals with

particular areas of the law such as criminal law or corporate law addressing the utility and functionality of the general theories from different legal perspectives and illustrating the fact that different interpretive principles may take precedence in different areas of the law It reveals the complexity of statutory interpretation when applied to actual practice in a particular area of law Despite this complexity and the unique problems of statutory interpretation within each area of law some major themes emerge including the strong influence of constitutional interpretation tension between common law rights and statutory innovation questions about the interaction of domestic law with international law tension between settled judicial principles of interpretation and principles embedded in legislation issues concerning the interpretation of delegated legislation and questions about gap filling and discretion in the interpretation of statutes and codes

**The Theory and Practice of Statutory Interpretation** Frank B. Cross, 2008-11-19 Today statutes make up the bulk of the relevant law heard in federal courts and arguably represent the most important source of American law The proper means of judicial interpretation of those statutes have been the subject of great attention and dispute over the years This book provides new insights into the theory and practice of statutory interpretation by courts Cross offers the first comprehensive analysis of statutory interpretation and includes extensive empirical evidence of Supreme Court practice He offers a thorough review of the active disputes over the appropriate approaches to statutory interpretations namely whether courts should rely exclusively on the text or also examine the legislative history The book then considers the use of these approaches by the justices of the recent Rehnquist Court and the degree to which they were applied by the justices either sincerely or in pursuit of an ideological agenda

**The Language of Statutes** Lawrence Solan, 2010-12 We are capable of writing crisp yet flexible laws but Solan explains that difficult cases result when the ways in which our cognitive and linguistic faculties are structured fail to produce a single clear interpretation Though we are predisposed to absorb new situations into categories we have previously formed our conceptualization is not always as crisp as the legislative and judicial realms demand In such cases Solan contends that other values most importantly legislative intent must come into play The Language of Statutes provides an excellent introduction to statutory interpretation rejecting the extreme arguments that judges have either too much or too little leeway and explaining how and why a certain number of interpretive problems are simply inevitable Book Jacket

*Statutory Construction and Interpretation*, 2010-06-15 This book reviews the primary rules courts apply to discern a statute's meaning However each matter of interpretation before a court presents its own challenges and there is no unified systematic approach used in all cases While schools of statutory interpretation may vary on what factors should be considered all approaches start if not necessarily end with the language and structure of the statute itself In analyzing a statute's text courts are guided by the basic principle that a statute should be read as a harmonious whole with its separate parts being interpreted within their broader statutory context

[Commercial Law and Commercial Practice](#) Sarah Worthington, 2003-12-31 This book contains essays by legal experts which aim to prompt a critical and

constructive reassessment of current commercial law and its practices

**An Introduction to Statutory Interpretation and the Legislative Process** Abner J. Mikva, Eric Lane, 1997 In this book Mikva and Lane address The Interpretation of Statutes By reading interpretive cases the authors demonstrate that statutory interpretation is not simply the search for legislative meaning or intent but also the exercise of power by a separate branch of government Organized around two types of cases those where the statutory language is clear and where it is unclear this chapter delves into judicial approaches to statutory interpretation and the tools employed for that purpose as well as criticism of such approaches The Legislative Process Addresses the environment in which the consideration of legislation takes place and the dynamics of the enactment process The Enactment of a Statute Follows a particular bill through the window of the Congressional Record This illustrates the details and language of the legislative process The Anatomy of a Statute A dissection of the structure form and generic provisions The Publication of Statutes Offers insights From publisher s description *Legislation and Statutory Interpretation* William N. Eskridge (Jr.), Philip P. Frickey, Elizabeth Garrett, 2006 Suitable for students or practitioners this authoritative overview of the legislative process and statutory interpretation moves smoothly and understandably between the theoretical and the practical It contains in depth discussion of such topics as theories of legislation and representation electoral and legislative structures extrinsic sources for statutory interpretation and substantive canons of statutory interpretation Reap the benefits of the authors experience opinions and insight and gain a working knowledge of the area

*Statutory Default Rules* Einer Elhauge, 2008-02-28 Most new law is statutory law that is law enacted by legislators An important question therefore is how should this law be interpreted by courts and agencies especially when the text of a statute is not entirely clear This book focuses on what judges should do once the legal materials fail to resolve the interpretive question *Judicial Reasoning under the UK Human Rights Act* Helen Fenwick, Gavin Phillipson, Roger Masterman, 2007-09-06 Judicial Reasoning under the UK Human Rights Act is a collection of essays written by leading experts in the field which examines judicial decision making under the UK s de facto Bill of Rights The book focuses both on changes in areas of substantive law and the techniques of judicial reasoning adopted to implement the Act The contributors therefore consider first general Convention and Human Rights Act concepts statutory interpretation horizontal effect judicial review deference the reception of Strasbourg case law since they arise across all areas of substantive law They then proceed to examine not only the use of such concepts in particular fields of law privacy family law clashing rights discrimination and criminal procedure but also the modes of reasoning by which judges seek to bridge the divide between familiar common law and statutory doctrines and those in the Convention

**Elgar Encyclopedia of Comparative Law** J. M. Smits, 2006 This is a very important and immense book Single handedly Smits has reviewed and checked this immense work to bring it to its final high standard in quality and accuracy and selection of laws The Criminal Lawyer This is a very important and immense book The Elgar Encyclopedia of Comparative Law is a treasure trove of honed knowledge of the laws of many countries It is a

reference book for dipping into time and time again It is worth every penny and there is not another as comprehensive in its coverage as Elgar's I highly recommend the Elgar Encyclopedia of Comparative Law to all English chambers This is a very important book that should be sitting in every university law school library Sally Ramage The Criminal Lawyer The entries are written in a lucid and accessible style with appropriate references being given for further research All in all a substantial work which will delight enthusiasts of comparative law The Commonwealth Lawyer The breadth of topics plus the bibliographies allows a reader to use the Elgar Encyclopedia as an initial entry into a field of law a specific topic or a legal system Any law library business library large public library or academic library supporting the study of international law or international business will want to have it in its collection This work is highly recommended Ladyjane Hickey American Reference Books Annual Comparative law is the comparison of law and legal systems from around the world At one time it was a field of limited interest and academic participation However increasing globalization whether of commerce or culture makes it imperative that citizens learn more about the law of other countries That is the premise of this comprehensive new research tool designed for general readers Some 70 articles address topics as diverse as accident compensation legal culture the European Civil Code and the law and legal systems of a selected set of nations This single volume work provides an excellent comprehensive overview of the current state of affairs in comparative law Highly recommended Lower level undergraduates and above general readers J E Stephens Choice The timely publication of this encyclopedia reflects what is happening in international law and in a field where works even student textbooks are often expensive it comes at an attractive price Stuart Hannabuss Reference Reviews The Elgar Encyclopedia of Comparative Law looks set to become an indispensable source for the ever increasing body of lawyers needing accurate information on the structure and working of foreign systems as well as on points of a substantive law Edited by Professor Jan Smits of Maastricht University the Encyclopedia is the work of an extremely strong international team of noted specialists Comprising articles on the nature methodology and focus of comparative law on the legal systems of particular jurisdictions and on matters of substantive law the work should be a very significant contribution to the literature It seems likely that the contributions on the comparative state of affairs in particular fields of substantive law will be an especially valuable aspect of the work There will be 37 such articles from accident compensation to unjustified enrichment with mistake personality rights product liability and transfer of moveable property only a sample of what the work will offer Casting over this list one is again struck by the wealth of established expertise brought together in the Encyclopedia I have little doubt that I can speak for the worldwide community of comparative lawyers in saying that the Elgar Encyclopedia of Comparative Law is eagerly awaited David L Carey Miller University of Aberdeen UK Comparative law is moving swiftly from a long infancy to teenage maturity and Jan Smits provides the essential tonic In this outstanding work he has gathered together leading scholars each his her o The Legal Order Åke Frändberg, 2018-08-16 In this monograph a fundamental distinction is made between law and juridical thinking Law is

the content of legal rules and the systems of legal rules Juridical thinking is the handling of the law by the lawyers To this distinction corresponds a basic distinction between the language of law and the language of juridical thinking and correlatively between L concepts law concepts and J concepts juridical or jurisprudential concepts The monograph is devoted to the J concepts especially of technical not ideological or evaluative J concepts Four kinds of J concepts are investigated morphological J concepts those that help us to structure the law in a logical and functional way topological J concepts those that help us to indicate the phenomena to which the law is applicable and to separate the areas of application for different legal systems praxeological J concepts those that help us to explore the relations between law and action and methodological J concepts those that help us to describe the methods of the professional juridical handling of the law The work can be characterised as presenting a lawyer s philosophy of law Judicial Review Handbook The Hon Sir Michael Fordham,2025-12-18 The definitive judicial review book with meticulous case law analysis throughout and encyclopaedic coverage of this key field of practice **Laws on Green Growth, and Economic Investment in Korea** Ministry of Government Legislation of Republic of Korea,2012-01-10 In connection with the G20 Seoul Summit MOLEG is publishing and distributing this English statute book It includes a selection of major laws regarding low carbon green growth which is a national vision for the next 60 years to be pursued by the Lee Myung Bak government and also regarding foreign investment This book has 23 laws There are 11 major laws about green growth such as the Framework Act on Low Carbon Green Growth and 12 major laws about foreign investment such as the Foreign Investment Promotion Act It also contains the Constitution and the Government Organization Act to give foreigners an understanding of the basic principles major functions and government organizations of the Republic of Korea Furthermore the book has introductory content on the legal system of the Republic of Korea and its process of establishing policy and legislation

## **Statutory Interpretation** Book Review: Unveiling the Magic of Language
