

A rectangular sign with a light-colored wooden frame is mounted on a white wall. The sign features the text "STAY" in a bold, black, serif font on the top line, and "awhile" in a black, cursive script font on the bottom line. The word "awhile" is positioned below "STAY" and is slightly offset to the right.

 originally published in German under the title Holzwege is Heidegger s first post war book and contains some of the major
 expositions of his later philosophy Of particular note are The Origin of the Work of Art perhaps the most discussed of all of
 Heidegger s essays and Nietzsche s Word God is Dead which sums up a decade of Nietzsche research Although translations
 of the essays have appeared individually in a variety of places this is the first English translation to bring them all together as
 Heidegger intended The text is taken from the last edition of the work which contains the author s final corrections together
 with important marginal annotations that provide considerable insight into the development of his thought This fresh and
 accurate new translation will be an invaluable resource for all students of Heidegger whether they work in philosophy

 Rando,2016-11-15 This book proposes that new music technologies attract unconscious desires for socialism and collectivity
 enabling millions of people living under capitalism to dream of repressed social alternatives Grounded in the philosophical
 writings of Ernst Bloch and Walter Benjamin the book examines file sharing technologies streaming services and media
 players as well as their historical antecedents such as the player piano cassette tape radio and compact disc alongside
 interpretations of fiction memoir and albums Through the concept of wish images the unconscious hopes and desires for
 social alternatives that gather around new technologies the book identifies the repressed pre and post capitalist urges that
 attend our music technologies While these desires typically remain unconscious and tend to pass away not only unmet but
 also unrecognized Hope and Wish Image in Music Technology attempts to bring wishes for social alternatives to the surface
