**Perspectives on Deviance and Social Control** Michelle Inderbitzin, Kristin A. Bates, Randy R. Gainey, 2018-11-21 *Perspectives on Deviance and Social Control* provides a sociological examination of deviance and social control in society. Derived from the same author team's successful text reader version, this concise and student-friendly resource uses sociological theories to illuminate a variety of issues related to deviant behavior and societal reactions to deviance. The authors briefly explain the development of major sociological theoretical perspectives and use current research and examples to demonstrate how those theories are used to think about and study the causes of deviant behavior and the reactions to it. Focusing on the application rather than just the understanding of theory, the Second Edition offers a practical and fascinating exploration of deviance in our society.

**From Gift to Commodity** Hildegard Hoeller, 2012 In this rich interdisciplinary study, Hildegard Hoeller argues that nineteenth-century American culture was driven by and deeply occupied with the tension between gift and market exchange. Rooting her analysis in the period's fiction, she shows how American novelists from Hannah Foster to Frank Norris grappled with the role of the gift based on trust, social bonds, and faith in an increasingly capitalist culture based on self-interest, market transactions, and economic reason. Placing the notion of sacrifice at the center of her discussion, Hoeller taps into the poignant discourse of modes of exchange, revealing central tensions of American fiction and culture.

*Teens Have Style!* Sharon Snow, Yvonne Reed, 2013-03-18 Authors Sharon Snow and Yvonne Reed present fashion as a way to offer a fun and interesting program for teens in the library and not just for girls. Today's fashion-savvy teenaged guys are just as likely to be eager participants. *Teens Have Style: Fashion Programs for Young Adults* at the Library provides an easy-to-follow template for creating popular programs within the public or school library setting that will capture the attention of most teenaged girls. In *Teens Have Style*, librarians will find programs they can adapt to their individual style or specific age range of their younger patrons, such as getting ready for the prom, making jewelry, decorating sneakers, creating a green outfit from recycled materials, and many more. All of the ideas are flexible and can be matched to other educational programs or to fit the library's needs, regardless of its size. For example, school librarians can partner with

art teachers to orchestrate a Fashion as Art program which challenges students to identify a painting that they like and then to create an outfit that reflects the style and feel of that work of art
