Teaching Total Percussion:

Teaching Total Percussion Kenneth A. Mueller, 1972 **Total Percussion** Linda Muller, 1990* *Modern Etudes and Studies for the Total Percussionist* Chris Colaneri, 2015-09-24 In *Modern Etudes and Studies for the Total Percussionist* band director and percussionist Chris Colaneri lays out a comprehensive system of total percussion education. The lessons are gleaned from interviews, research, and the nearly two decades he has spent directing middle school band and percussion ensembles. This expanded second edition meets the needs of fourth grade through high school percussion students, helping them develop necessary skills for future participation in their next level of musical study or extracurricular performing ensembles. Developed with the practical needs of percussion teachers in mind, *Modern Etudes* has been extensively classroom tested and provides key teaching aids that will be welcomed by every band director. These include a curriculum guide and practice assignment sheets for all grades, practice tips and exercises, and etudes for snare, mallet set, and timpani. Recordings, practice tracks, and videos are available on the book's companion website.

Total Musicianship for Marching Percussion Jesse Mell, 2020-09-17 Total Musicianship method books are dedicated to developing the three points of Total Musicianship: Technique, Listening Skills, and Music IQ. Being a great percussionist and really enjoying the music you play isn't just about learning to read or playing rudiments. It's about loving the SOUND and FEEL of every note, and to do that we need to connect our practice to the music we love. How do we get there? Total Musicianship method books show teachers and percussion students how to use a playlist of their favorite songs in place of a metronome. Using our Total Musicianship series of method books, students warm up, practice reading, and build new skills with their favorite songs as the soundtrack, not a metronome. Hearing their warmups and reading examples fit in with the whole sound of a song, pulse subdivisions, and phrasing elements develops listening skills as they match an 8th note warmup to the sound of a 16th note HiHat pattern or a 16th note warmup to the sound of an 8th note HiHat pattern. Total Musicianship drum method books isolate new skills, one beat at a time, in Learning Loops, making even the most challenging new rhythms and patterns achievable. Our amazing Mad Beatz Method teaches students to teach themselves by learning, listening, saying, and finally playing. Best of all, teachers teach and students learn by saying and playing along with their favorite songs instead of a metronome, making lessons and practice time MAD FUN. Total Musicianship for Marching Percussion gives students in Grades 7 and up the skills and musicianship they need to succeed in today's Drumlines and marching bands.
