Mazzeno,2015 Traces Hemingway's critical fortunes over the ninety years of his prominence telling us something about what we value in literature and why scholarly reputations rise and fall Hemingway burst on the literary scene in the 1920s with spare penetrating short stories and brilliant novels Soon he was held as a standard for modern writers Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction After a decline during the 1930s and 1940s he came roaring back with *The Old Man and the Sea* in 1952 Two years later he received the Nobel Prize While his popularity waxed and waned during his lifetime Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated New approaches beginning in the 1960s brought a sea change however finding grave fault with his work and making him a figure ripe for vilification Yet during this time scholarship on him continued to appear His works still sell well and several are staples on high school and college syllabi A new scholarly edition of his letters is drawing prominent attention and there is a resurgence in scholarly attention to and approbation for his work Tracing Hemingway's critical fortunes tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson Updike and Matthew Arnold for Camden House's Literary Criticism in Perspective series The Hemingway Review ,2009 *Hemingway and Posthumanism* Ryan Hediger,Marcos Antonio Norris,2025-10-31 Ernest Hemingway is often recognised for his contributions to the intellectual and artistic experimentation of his day including modernism primitivism naturalism and creative nonfiction

He has also long been situated in debates about the environment often receiving criticism for his hunting practices and taken as iconic of an aggressive masculinity This collection considers another influential artistic and intellectual formation that has particular resonance for reading Hemingway despite postdating his life by more than a decade posthumanism The contributions highlight the many resonances between Hemingway s life and writing and the notions of posthumanism including for example Hemingway s emphasis on a human creaturely life his insistence on human participation in genuine ecologies his use of and writing about technologies and prosthetics as in cases of injury and his scepticism about forces of modernity economic development labour norms and more The collection also shows how investigating Hemingway alongside posthumanism can yield new insights about this author and contribute to posthumanist thought and practice
