Teaching Music in American Society Steven N. Kelly, 2018-11-14 Teaching Music in American Society Third Edition provides a comprehensive overview of social and cultural themes directly related to music education teacher training and successful teacher characteristics Music teachers need to be not only knowledgeable in conducting and performing but also socially and culturally aware of students issues and events that affect their classrooms This book is designed for educators seeking K 12 music teacher certification to teach in American schools At the conclusion of each chapter is a summary of the chapter and a list of key items and people discussed plus a series of related questions for students to consider Current topics in the third edition include an emphasis on social justice sensitivity to transgender students and bullying the influences of social media a focus on urban music education and a new chapter on diverse learning Further recent policy issues are addressed in this new edition the evolution of the No Child Left Behind Act into the Every Student Succeeds Act the increasing emphasis on charter schools the privatization of public school changes in how schools are assessed and changes occurring within the teaching profession and how all of these affect developments in music education A major structural change is the chapter on equality of education has been split into two chapters providing a stronger focus on both educational equality and diverse inclusive learning

Urban Music Education Trevor W. P. Casto, 1999 Abstract This thesis includes a review of issues related to the lives and experiences of urban children in an effort to identify the most helpful and appropriate methods for teaching them specifically in the context of general music education It proposes that general music teachers in urban schools should explore a wide range of nontraditional experiences with their students in order to provide a more vital enriching and meaningful appreciation of music as an integral part of a fulfilling life A community plays a vitally important role in determining the experiences children have and the lessons they take from them thus their approach to education In the area of music education teachers may be uniquely equipped to address some of the needs of students that are particularly apparent in urban children One significant example is that music can help to build understanding among groups of people who are fundamentally different Schools must continue to search for new and more effective ways to engage low income students in the learning process and thereby provide them with hope for greater success and stability in life Examining the gifts and challenges that urban students bring to the classroom can provide valuable insight to creating a more productive future for urban education General music teachers in urban schools should be encouraged to look for any means of providing a more enriching and meaningful appreciation of music as an integral part of a fulfilling life The traditional approaches that have linked us together as music educators have always been largely focused on how we are teaching about music Alternatively perhaps we should focus on what it is about music that we are teaching Foremost in our curricular goals and expectations should be the unceasing mission to provide each one of our students with
