besides Cassie seems to even want Sarah on the team anymore and the harder Cassie tries to bring everyone together the worse things seem to get Cassie Bennett never backs down from a challenge but can she realize that maybe the challenge isn't fixing a problem in someone else but in herself Or will her stubbornness lead her to lose more than just softball games

Team Players Ben Weidmann,David J. Deming,2020 Most jobs require teamwork Are some people good team players In this paper we design and test a new method for identifying individual contributions to group performance We randomly assign people to multiple

teams and predict team performance based on previously assessed individual skills. Some people consistently cause their group to exceed its predicted performance. We call these individuals team players. Team players score significantly higher on a well-established measure of social intelligence but do not differ across a variety of other dimensions including IQ, personality, education, and gender. Social skills, defined as a single latent factor that combines social intelligence scores with the team player effect, improve group performance about as much as IQ. We find suggestive evidence that team players increase effort among teammates.
