The Stromboli Legacy:

The Stromboli Legacy Filomena LoCurcio Stefanelli, 1998 *Women, Desire, and Power in Italian Cinema* M. Cottino-Jones, 2010-02-15 *Women Desire and Power in Italian Cinema* offers for the first time in Italian Cinema criticism a contextual study of the representation of women in twentieth century Italian films Marga Cottino Jones argues that the ways women are depicted on screen reflects a subconscious sexual conservatism typical of an Italian society rooted within a patriarchal ideology The book then follows the slow but constant process of social awareness in the Italian society through women in film especially after the 1950s Comprehensive in scope this book analyzes the films of internationally known male and female directors such as Antonioni Fellini Rossellini Visconti Bertolucci Benigni Cavani Wertmuller Comencini and Archibugi Special consideration is given to the actresses and actors that have become the icons of Italian femininity and masculinity such as Sofia Loren Gina Lollobrigida Silvana Mangano Gian Carlo Giannini Marcello Mastroianni and Alberto Sordi *Writing With An Accent* Edvige Giunta, 2016-04-30 Mary Cappello Louise DeSalvo Sandra M Gilbert Maria Mazziotti Gillan Carole Maso Agnes Rossi These are some of the best known Italian American writers today They are part of a literary tradition with mid twentieth century roots that began to develop in earnest in the late 1970s and early 1980s During those decades a number of Italian American women such as Helen Barolini began to publish books that depicted their perspectives on life through the critical lenses of gender class and ethnicity At the end of the twentieth century this literature finally blossomed into a fully fledged cultural movement that also took into account issues of sexuality age illness and familial and societal abuse *Writing with an Accent* takes a look at this vibrant literary movement by discussing those first writers of the 1970s and 1980s as well as later authors At the center of Edvige Giunta's *Writing with an Accent* is the literal notion of accent the marker of linguistic and cultural difference that separates and identifies recent immigrants to the United States In this study an accent symbolically embodies the differences and creative strategies through which contemporary Italian American women writers engage Italian American culture in works of fiction poetry and memoir Giunta also looks at the links between the literature and art music film and video produced by contemporary Italian American women The literature of the Italian American women in *Writing with an Accent* is shaped by the complicated connections these authors maintain with their cultural origins but also and perhaps more importantly by their feminist consciousness and politicized sense of ethnic identity *Writing with an Accent* celebrates and explores a group of authors who characteristically mix the joy and pain of Italian American life to paint a multifaceted picture of Italian American women and their complex place in U S culture
