The Subconscious Diet:

The Subconscious Diet Hugh B. Sanders, 2005 How To Lose Weight (And Keep it Off) By Reprogramming The Subconscious Mind Robert Dave Johnston, 2014-09-21

Would you like to start a diet stick to it and lose ALL of the weight you wanted Would you like to NOT gain the weight back and remain thin for many years to come Would you like to easily say NO to junk food and other foods that you formerly could not resist Would you like to be able to make healthy eating choices at all times without struggle or feeling deprived Would you like to master your belly and appetites and NEVER be a slave to food and eating Would you like to find the inner strength to always make the best choices for you even if those choices require a bit of sacrifice and or discomfort In short would you like to SOLVE the weight problem once and for all and enjoy your life thin and with a healthy relationship with food Helping you to accomplish all of these points is what this book is all about Here s the bottom line I was stuck in obesity and binge eating for more than 20 years during which time I trained myself to believe and act upon all sorts of destructive and negative nonsense I ate everything and anything that the mind and belly wanted Even if I was full and my belly felt that it was about to pop I would continue to eat nonetheless Food was my drug I had ZERO ability to resist food I always gave in I was completely trapped overeating day after day becoming more and more obese and sick isolated from life and the world and filled with shame guilt depression and intense self hatred I was in essence trapped in a self made prison where food was the ultimate overseer and lord It was a vicious cycle Sadness rage and self pity fueled more overeating which in turn caused more failure and negativity which caused more overeating I was perpetually sabotaging my weight loss efforts often without realizing it because pain and unhappiness had tragically become second nature THEN I realized that if I wanted to be free of this poisonous mental chatter I would have to work at identifying and overwriting the conscious and subconscious fat patterns that fed the insanity and kept me eating in excess and at the wrong times the patterns that made me weak in the sight of food and caused me to always be nibbling grazing and eating eating and eating I was fed up and wanted to overcome obesity once and for all I had to create a new mental program that supported and facilitated my goals rather than destroy them And none of this is breaking news We ve all have heard of positive thinking affirmations and visualizations Here I take those powerful mental tools and apply them directly to weight loss food and eating If you have tried to lose weight and fallen short then implementing the simple but powerful program I outline here will help you to make measurable progress If you are willing to walk with me and do some work then this book can become a very powerful ally in your journey towards permanent weight loss You will be asked to do some introspective work in a journal You will be asked to put together a reprogramming program tailored specifically to your individual needs and situation If you give yourself to this work and stick to it as I recommend there is no doubt that you will begin to see some remarkable changes in the way you relate to food and eating I had big problems waking up at 3AM and raiding the fridge After some weeks of following this program I went to sleep one night and when I woke up it was 6AM I had not gotten up to eat One lady that was

addicted to cream donuts and double sweet latte wrote to tell me that after following this program she abruptly stopped A guy who lived on pizza and beer said that after listening to the tapes for a few weeks he woke up one morning and decided to change his diet And you too can experience the breakthrough IF you make the commitment with yourself

Lean: Diet, Weight Loss, and Eating Control Subconscious Morning Re-Programming Script Daniel Ben Abraham,2023-05-03 LEAN is a Diet Weight Loss and Eating Control Subconscious Morning Re Programming Script 5 minutes Every morning OMG this really works Check out more books in this series Keep this book by your bed and look at it first thing in the morning even before your phone because your phone gives you a dopamine kick This is not a video nor an app because you need to gently push your own thoughts through your own mind in your own voice Reading this script every day accomplishes that Why not motivational videos Videos spike your dopamine while viewing them but then your dopamine drops throughout the day These books are designed to use your subconscious to help you consciously correct your actions throughout your day I started writing these for myself for improving my own life and now share them with others This is book contains general content designed to help you reshape regular behaviors and thought patterns to improve your habits and lifestyle These are suggestions designed to help your mind process your thoughts differently and form habits to help you lose weight It is intended for people who overeat without conscious control or have trouble sticking to eating plans It promotes control over food cravings and addictions and promotes more conscious eating

How to Get Yourself to Stay on Any Diet Charles F. Wetherall,1990 Bestselling diets such as the Scarsdale Beverly Hills and Rotation diets come and go because they all lack one essential ingredient willpower How to Get Yourself to Stay on

Any Diet is a practical guide to building willpower and winning the weight loss battle **East-west**, 1929 **The Alpha Solution for Permanent Weight Loss** Ronald Glassman, Mollie Doyle, 2007-04-10 What if you could lose weight easily without diets calorie counters or complicated workouts For the last twenty five years Dr Ronald Glassman has helped thousands of his patients lose weight from five pounds to 150 pounds and keep it off And he knows that the answer to overeating is not another diet or exercise regimen The answer is to harness the power of your mind The Alpha Solution presents his phenomenally successful scientific approach to easy permanent weight loss and proves that you literally can think yourself thin For many of us the result of years of poor eating or eating for psychological and social reasons rather than nutritional ones means that subconsciously we have been conditioned to eat the wrong foods in the wrong quantities Despite our desire to be lean strong and healthy we re still subconsciously programmed to overeat crave certain foods and snack unnecessarily This is why diets don t work Even if we know we should choose salad over pizza our subconscious mind ingrained with years of negative eating habits undermines our efforts at every turn The solution Give your brain a new food blueprint by tapping into its Alpha state the state right before you fall asleep in which your subconscious mind is open to suggestion and change Through a series of simple questionnaires Dr Glassman guides you through the process of identifying the food issues you need to overcome and creating two personalized scripts tailored to your specific weight loss needs You will then record the scripts on a tape or CD and listen to the recordings each night as you fall asleep The changes are immediate and dramatic you will begin reaching for healthy foods keeping proper portion sizes and turning down the fattening sugary foods you used to crave Within days your eating habits will be transformed and you will begin melting away the pounds seemingly without effort Filled with success stories The Alpha Solution is already changing the lives of people everywhere Losing weight has never been this easy and you will never have to diet again What could be better than that No counting calories No carb restriction No complex menus No special workouts Finally a medically proven way to change your relationship with food forever no diet or exercise required This revolutionary book reveals how to literally think yourself thin by simply and easily training your brain to automatically crave healthy foods in the proper portions Whether you want to lose ten pounds or fifty The Alpha Solution will quickly make diet struggles a thing of the past and keep you fit and thin for life

Mental Training for Runners Jeff Galloway, 2016-03-28 I don t have time to run The run will hurt or make me tired I don t have my running shoes with me I ve got too much work to do If you re always looking for any excuse to not go running this book is for you Whether you re an athlete or just want to stay fit and exercise you need to train your mind just as much as you train your body It s easy to find excuses and stay at home but with Jeff Galloway s mental training strategies you will find yourself staying motivated and setting and reaching new goals in no time Jeff will help you break down your challenges into smaller steps so your next goal seems more achievable You will learn to overcome each challenge and problem and reduce stress You will be able to go out for your run even on tough days after an injury or illness or when your running buddy

isn't around In the end you will break through barriers and stay in control and at the top In this book you will find many useful tips on how to deal with stress Jeff describes typical everyday situations and how to go out and run even if your brain is making up excuses he explains drills to help you rehearse a good response to those excuses so that over time you will change your habits he presents training tools that will lower your stress and help you learn to set realistic goals In addition Jeff posits that in order to stay motivated it is important to have good running technique A section on better technique will help you run better and achieve your next goal Finally Jeff shows how using a journal can benefit your exercise regime and assist you in keeping track of your progress and the highs and lows of your training schedules Mental Training for Runners will put you on the path to a positive mental environment and will turn your mind body and spirit into a powerful team and tool After reading and learning from this book there will only ever be one answer to any challenge I can do it Diseases of the Intestines Alexander Panagioti Cawadias,1927 **The Library of Home Economics: Le Bosquet, Maurice. Adopting the Beat of Phrase: An Emotional Symphony within **The Subconscious Diet**

In a global consumed by monitors and the ceaseless chatter of instantaneous connection, the melodic beauty and mental symphony produced by the prepared term usually fade into the back ground, eclipsed by the persistent noise and distractions that permeate our lives. Nevertheless, set within the pages of **The Subconscious Diet** a marvelous fictional treasure overflowing with organic feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that charming masterpiece conducts visitors on a psychological journey, well unraveling the concealed songs and profound impact resonating within each cautiously crafted phrase. Within the depths of this touching assessment, we will investigate the book is central harmonies, analyze their enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
