The book shows how to concentrate a search, speed up results, and increase the probability of success. *Careers Jobs: The Unwritten Rules of the Highly Effective Job Search: The Proven Program Used by the World's Leading Career Services Company* Orville Pierson, 2010-09-17 The Proven Program Used by 600,000 Job Hunters. You put hours and hours of hard work into your job search, and the companies you've contacted never call. It's a story all too common in the fast-paced, highly competitive world of job hunting. Nothing is more discouraging than sending one resume after another into the job hunting void. Eventually, you expect silence from the other end. *The Unwritten Rules of the Highly Effective Job Search* was written so this never happens to you again. These techniques developed by author Orville Pierson have been used successfully for ten years by Lee Hecht Harrison (LHH), the world's premier career services company. Here Pierson provides you with the job search techniques that up to now have been limited to the LHH consultants he trains. Orville Pierson has helped thousands of job hunters during his career, taking note of the characteristics that have led to success as well as failure. You'll also be privy to inside information on how decision makers operate, enabling you to get the inside track on job openings before they are announced. This insider's guide covers every phase of the job search, leading you step by step through the process of creating a clear-cut plan essential to every job search.
