King Lear William Shakespeare, 2020-02-11 King Lear is a tragedy written by William Shakespeare It tells the tale of a king who bequeaths his power and land to two of his three daughters after they declare their love for him in an extremely fawning and obsequious manner His third daughter gets nothing because she will not flatter him as her sisters had done When he feels disrespected by the two daughters who now have his wealth and power he becomes furious to the point of madness He eventually becomes tenderly reconciled to his third daughter just before tragedy strikes her and then the king Derived from the legend of Leir of Britain a mythological pre Roman Celtic king the play has been widely adapted for the stage and motion pictures with the title role coveted by many of the world s most accomplished actors The first attribution to Shakespeare of this play originally drafted in 1605 or 1606 at the latest with its first known performance on St Stephen s Day in 1606 was a 1608 publication in a quarto of uncertain provenance in which the play is listed as a history it may be an early draft or simply reflect the first performance text The Tragedy of King Lear a revised version that is better tailored for performance was included in the 1623 First Folio Modern editors usually conflate the two though some insist that each version has its own individual integrity that should be preserved After the English Restoration the play was often revised with a happy ending for audiences who disliked its dark and depressing tone but since the 19th century Shakespeare s original version has been regarded as one of his supreme achievements The tragedy is noted for its probing observations on the nature of human suffering and kinship George Bernard Shaw wrote No man will ever write a better tragedy than Lear King Lear of Britain elderly and wanting to retire from the duties of the monarchy decides to divide his realm among his three daughters and declares he will offer the largest share to the one who loves him most The eldest Goneril speaks first declaring her love for her father in fulsome terms Moved by her flattery Lear proceeds to grant to Goneril her share as soon as she has finished her declaration before Regan and Cordelia have a chance to speak He then awards to Regan her share as soon as she has spoken When it is finally the turn of his youngest and favourite daughter Cordelia at first she refuses to say anything Nothing my Lord and then declares there is nothing to compare her love to no words to properly express it she says honestly but bluntly that she loves him according to her bond no more and no less
