## **Trading Up:**

*Trading Up* Michael J. Silverstein, Neil Fiske, John Butman, 2008-04-29 Trading up isn't just for the wealthy anymore. These days no one is shocked when an administrative assistant buys silk pajamas at Victoria's Secret. Or a young professional buys only Kendall Jackson premium wines. Or a construction worker splurges on a 3,000 set of Callaway golf clubs. In dozens of categories, these new luxury brands now sell at huge premiums over conventional goods and in much larger volumes than traditional old luxury goods. **Trading Up** has become the definitive book about this growing trend. **Trading Up** Lynne

Chisholm, Bryony Hoskins, Christian Glahn, 2005-01-01 Proceedings of the Research Seminar on Non-formal Education Learning in the Youth Sector and the Third Sector under the Partnership Programme on Youth Research 2002-2005 between the EC and the Council of Europe held in Strasbourg in April 2004. *Trading Up* Michael J. Silverstein, Neil Fiske, John

Butman, 2005 These days no one is shocked when an administrative assistant buys silk pajamas or when a young professional chooses only premium wines. *Trading Up* examines why luxury goods still retail at huge premiums despite selling in greater volumes than ever before. *OECD Trade Policy Studies Trading Up Economic Perspectives on Development Issues in the Multilateral Trading System* OECD, 2006-05-23 This volume considers trade liberalisation and development from an economic perspective aiming to examine these emotive issues using empirical approaches and dispassionate analysis. **Summary:**

**Trading Up** BusinessNews Publishing, 2014-10-28 The must-read summary of Michael Silverstein and Neil Fiske's book *Trading Up: Why Consumers Want New Luxury Goods And How Companies Create Them*. This complete summary of the ideas from Michael Silverstein and Neil Fiske's book *Trading Up* shows that the tastes and preferences of American middle market consumers are changing. More and more they are becoming willing to trade up in some areas to pay a premium price for products and services that provide a greater level of quality than typical mass market offerings. As a result, a new concept is emerging in the marketplace: New Luxury. In their book, the authors explain that new luxury products break the traditional norms of the past and sell at comparatively high volumes despite their relatively high prices. This summary is a must-read for both marketers and consumers who want to become smarter in an increasingly sophisticated marketplace. Added value of this summary: Save time. Understand key concepts. Expand your knowledge. To learn more, read *Trading Up* and discover the new luxury products that will change the way you think about the marketplace. [Trading Up](#) Brewster Kneen, 1990
