Vitarum Philosophorum:

Abstracti Vitarum Philosophorum, a Commonplace Book, 1671 Whitelocke Bulstrode, 1671, **Harvard Studies in Classical Philology**, 1913 **Aristo of Ceos** William Fortenbaugh, Stephen A. White, 2017-09-08 Volume 13 in the RUSCH series continues work already begun on the School of Aristotle Volume 9 featured Demetrius of Phalerum Volume 10 Dicaearchus of Messana Volume 11 Eudemus of Rhodes and Volume 12 both Lyco of Troas and Hieronymus of Rhodes Now Volume 13 turns our attention to Aristo of Iulis on Ceos who was active in the last quarter of the third century BCE Almost certainly he was Lyco's successor as head of the Peripatetic School In antiquity Aristo was confused with the like named Stoic philosopher from Chios so that several works were claimed for both philosophers Among these disputed works those with Peripatetic antecedents like Exhortations and Erotic Dissertations are plausibly assigned to Aristo of Ceos Other works attributed to the Peripatetic are Lyco presumably a biography of Aristo's predecessor On Old Age and Relieving Arrogance Whether part of the last named work or a separate treatise Aristo's descriptions of persons exhibiting inconsiderateness self will and other unattractive traits relate closely to the Characters of Theophrastus In addition Aristo wrote biographies of Heraclitus Socrates and Epicurus We may be sure that he did the same for the leaders of the Peripatos whose wills he seems to have preserved within the biographies The volume gives pride of place to Peter Stork's new edition of the fragments of Aristo of Ceos The edition includes a translation on facing pages There are also notes on the Greek and Latin texts an apparatus criticus and substantive notes that accompany the translation This edition will replace that of Fritz Wehrli which was made over half a century ago and published without translation **The Unknown Socrates**, 2002 Socrates 469-399 BC is one of history's most enigmatic figures Our knowledge of him comes to us second hand primarily from the philosopher Plato who was Socrates' most gifted student and from the historian and sometime philosopher Xenophon who counted himself as a member of Socrates' inner circle of friends We also hear of Socrates in one comic play produced during his lifetime Aristophanes' Clouds and in passing from the philosopher Aristotle a student of Plato Socrates is a figure of enduring interest He is often considered the father of Western Philosophy yet the four most famous accounts we have of him present a contradictory confusing picture Just who was Socrates A brilliant philosopher at times confounding and infuriating morally serious and yet ironic the ever worldly man sometime mystic and uncommon martyr depicted by Plato Or did Plato conflate Socrates' views with his own startling genius as Aristotle suggests Was Socrates instead the less impressive more mundane man whose commonsense impressed the laconic Xenophon Or was Socrates the charlatan the long-winded phony of Aristophanes' play The Socratic works of Diogenes Laertius 3rd century AD Libanius AD 314 c 393 Maximus of Tyre 2nd century AD and Apuleius born c AD 125 add important dimensions to the portrait of Socrates Diogenes Laertius' Life of Socrates emphasizes Socrates' deep ethical nature and his extraordinary personality Libanius' Apology of Socrates is based on sources now lost to us Maximus of Tyre's Whether Socrates Did the Right Thing When He Did Not Defend Himself makes the

starling claim against testimony of Plato and Xenophon that Socrates never spoke at his own trial from Apuleius On the God of Socrates we hear at length of Socrates infamous daimonion the divine sign only mentioned elsewhere the sign that warned Socrates against certain courses of action In short from these four texts we are reintroduced to Socrates and new wrinkles are added to an already intriguing historical figure Economy, Family, and Society from Rome to Islam Simon Swain, 2013-04-25 A full edition and study of Bryson's Management of the Estate edited by a leading expert in both Classics and Arabic literature **Clementis Alexandrini Paedagogus** J.C.M. Marcovich, 2015-12-22 The Paedagogus of Clement of Alexandria is almost completely preserved almost completely in a single manuscript the famous Codex Arethae copied in the second decade of the tenth century for Arethas the Archbishop of Caesarea in Cappadocia The text was copied from an exemplar in poor shape to the extent that the codex P is full of textual corruptions Most of the first book of the Paedagogus is lost in P For this part the author had to rely on two old apographs of P The only extant critical edition of the text was provided by Otto Stählin in 1905 Although in later editions 1936 1972 corrections and additions were appended the author was of the opinion that this predecessor was not attentive enough to the meaning of Clement's text and to the textual problems involved As a result scholars still lack a reliable critical text of the treatise Marcovich has tried to improve Stählin's remarkable edition by emending the transmitted text wherever it did not make sense while relying on Clement's sources and on his lexicon and expression employed elsewhere in his opus Ancient Ethics Jörg Hardy, George Rudebusch, 2014-05-14 This volume presents essays on Ancient ethics from Homer to Plotinus with a focus on the significance of Ancient ethical thinking for contemporary ethics Adapting Kant's words we might describe philosophers today as holding that meta ethics without normative ethics is empty normative ethics without meta ethics is blind One fascinating feature of Ancient ethics is its close connection between content and method between normative ethics and meta ethics In connecting ethical epistemological and cosmological issues Ancient ethical theories strive for an integrated understanding of normativity The project of this volume is to capture some of the colours of the bright spectrum of ancient ethics The goal of bundling them together is ultimately to shed better light on the issues of contemporary ethics Topics Classical Chinese Ethics Indian Ethics Homeric Ethics Socrates Plato Aristotle Hellenistic philosophy Plotinus Ancient and Modern Moral Psychology Hybrid Theories of Normativity The Unity of the Virtues The Art of Life and Morality Lebenskunst und Moral Contributors J Annas M Anagnostopoulos R Aprressyan Th C Brickhouse N D Smith J Bussanich C Collobert S Delcomminette W Detel D Frede L Gerson Ch Halbig J Hardy O Hffe B Inwood M Th Liske L Pfister M McPherran J Piering G Rudebusch D Russell G Santas Ch Shields M Sim C C Taylor Codices Vaticani Latini: Codices 1461-2059. 1912 Biblioteca apostolica vaticana, 1912 **Codices vaticani latini ...: Praefatio.
