**Jewish Writers of Latin America** Darrell B. Lockhart, 2013-08-21 Jewish writing has only recently begun to be recognized as a major cultural phenomenon in Latin American literature. Nevertheless, the majority of students and even Latin American literary specialists remain uninformed about this significant body of writing. This Dictionary is the first comprehensive bibliographical and critical source book on Latin American Jewish literature. It represents the research efforts of 50 scholars from the United States, Latin America, and Israel who are dedicated to the advancement of Latin American Jewish studies. An introduction by the editor is followed by entries on 118 authors that provide both biographical information and a critical summary of works. Argentina, Brazil, and Mexico home to the largest Jewish communities in Latin America are the countries with the greatest representation, but there are essays on writers from Venezuela, Chile, Uruguay, Peru, Colombia, Costa Rica, and Cuba.

*Sustainability Challenges in the Fashion Industry* Miguel Ángel Gardetti, Rosa Patricia Larios-Francia, 2023-06-10 Fashion and the growth of fashion are presented as the manifestation of a process of civilization within a capitalist culture, capital understood as material possessions that has become global and imperialist, of which, in an economic sense, the industry or the fashion system functions as one of its main instruments of exploitation. And with respect to design, Arturo Escobar said: Can design detach itself from its roots in modernist practices of unsustainability and defuturization and reorient itself towards other commitments, practices, narratives, and ontological enactments? Moreover, can design be part of the toolkit for the transition to the pluriverse, i.e., a world in which many worlds can fit? This book presents the importance of cultural sustainability in the textiles and fashion industry, decolonizing the fashion system and promoting the design for transitions.

**Jewish Literatures in Spanish and Portuguese** Ruth Fine, Susanne Zepp, 2022-10-24 This volume offers a thorough introduction to Jewish world literatures in Spanish and Portuguese, which not only addresses the coexistence of cultures but also the functions of a literary and linguistic space of negotiation in this context. From the Middle Ages to present day, the compendium explores the main Jewish chapters within Spanish and Portuguese language world literature, whether from Europe, Latin America, or other parts of the world. No comprehensive survey of this area has been undertaken so far. Yet only a broad focus of this kind can show how diasporic Jewish literatures have been and are, while closely tied to their own traditions, deeply intertwined with local and global literary developments and how the aesthetic praxis they introduced played a decisive formative role in the history of literature. With this epistemic claim, the volume aims at steering clear of isolationist approaches to Jewish literatures.
