**Dracula's Wars** James Waterson,2016-07-04 The real Dracula was far from Bram Stoker s well mannered aristocrat Better known as Vlad the Impaler he was named for his favoured execution method running a spear through his victim s lower body then standing them upright so it skewered their vital organs In a world ruled by petty tyrants and constantly at war the young Dracula was held hostage by the Turks while his father was assassinated and his brother was buried alive Finally released Dracula conducted an almighty purge surrounding his palace with noblemen impaled on stakes Then he turned his attention to military campaigns against the Turks and Bulgars to consolidate his power Yet to Romanians and the Pope he was a hero and liberator fighting to protect his kingdom and countrymen from invasion in a complex and treacherous time And as an initiate in the Order of the Dragon Dracula also played a vital if not entirely noble part in the fight against the Ottoman war machine In this full account of Vlad Dracula James Waterson details the good and the bad of this warlord prince offering a fascinating insight into the violent end of the Middle Ages
