examples so you can start familiarizing yourself with them In Chapter 3 you will learn about verbs and how to conjugate them It also explains the different verb tenses that you are most likely to use and encounter as a beginner in the German language Chapter 4 is about the German case system This is one of the topics that makes many learners of the German language scratch their head Cases may seem strange when you first encounter them but if you re still familiar with the concepts of English grammar understanding cases won t be difficult and you ll only need to memorize the rules You ll also learn in this chapter how to form your own simple German sentences In Chapter 5 you ll learn about adjectives adverbs and prepositions This chapter discusses in detail the different rules on how to properly use these words when you build sentences Chapters 6 to 10 contains words and expressions that you will find useful for everyday situations and for when you go on a trip to a German speaking country Finally each chapter ends with a set of exercises so you can gauge how well you re doing on your German learning journey So if you want to improve your reading writing and speaking skills in this language you need to make a change Decide for yourself that you want to gain more opportunities Take this risk You will not regret it This book is everything you need as a beginner So what are you still waiting for Start reading this book to fulfill your goals Scroll to the top of the page and select the buy now button
