Voice Imitation Elisabeth Zetterholm,2003      Liquidation World Alexi Kukuljevic,2017-09-15 An examination of the disoriented subject of modernity a dissolute figure who makes an object of its absence from Baudelaire to Broodthaers In Liquidation World Alexi Kukuljevic examines a distinctive form of subjectivity animating the avant garde that of the darkly humorous and utterly disoriented subject of modernity a dissolute figure that makes an art of its own vacancy an object of its absence Shorn of the truly rotten illusion that the world is a fulfilling and meaningful place these subjects identify themselves by a paradoxical disidentification through the objects that take their places They have mastered the art of living absently of making something with nothing Traversing their own morbid obsessions they substitute the nonsensical for sense the ridiculous for the meaningful Kukuljevic analyzes a series of artistic practices that illuminate this subjectivity ranging from Marcel Duchamp s Three Standard Stoppages to Charles Baudelaire s melancholia He considers the paradox of Duchamp s apparatus in the Stoppages and the strange comedy of Marcel Broodthaers s relation to the readymade the comic subject in Jacques Vach and the ridiculous subject in Alfred Jarry the nihilist in Paul Val ry s Monsieur Teste Oswald Wiener s interpretation of the dandy and Charles Baudelaire as a happy melancholic Along the way he also touches on the work of Thomas Bernhard Andy Kaufman Buster Keaton and others Finally he offers an extended analysis of Danny s escape from his demented father in Stanley Kubrick s The Shining Each of these subjects is in Freud s terms sick sick in the specific sense that they assume the absence of meaning and the liquidation of value in the world They concern themselves with art without assuming its value or meaning Utterly debased fundamentally disoriented they take the void as their medium      Forensic Speaker Recognition Amy Neustein,Hemant A. post World War II writer became the first of his generation to expose unrelentingly his country's pathological denial of complicity in the Holocaust. Bernhard's writings and indeed his own biography reflect Austria's fraught efforts to define itself as a nation following the collapse of the Habsburg monarchy and the trauma of World War II. Repeatedly he scandalized the nation with novels, plays, and public statements that exposed the convoluted ways Austrians were attempting to come to terms with their Nazi past or defiantly avoiding doing so. This book, the first comprehensive biography of Thomas Bernhard in English, examines his life and work and their intricate relationship to Austria's geographical, political, and cultural transformations in the twentieth century. While Bernhard was the scourge of his native culture, Honegger explains he was also a product of that same culture. Appreciation of his controversial impact on his society is possible only through an understanding of the contradictions, the shame, and the achievements that mark Austrians' self-perception in the postwar years. Honegger shows that for Bernhard, the theater was not only a profession but also a paradigm for his life, and that performance was the primary force animating his writing and self-construction. Even after his death, Bernhard's carefully constructed biography continues to fascinate, shock, and expose the Austrian culture at large.
