Voices Of The Spirit:

Voices of the Spirit George Matheson,1892 [Voices of the Spirit \(Classic Reprint\)](#) George Matheson,2015-07-02
Excerpt from *Voices of the Spirit* This book is offered to the religious public as an attempt to aid the moments of devotional life I do not believe however that moments of devotion are moments of mental vacancy the wings on which the spirit soars must always be wings of thought Therefore in every one of these meditations I have tried to express a distinct idea I have endeavoured to exhibit in their fulness and in their variety the different phases of the spiritual life and the different emotions which are awakened by them I have not sought out these phases I have allowed them to find me I have come to the task with no previous system in my mind I have just walked beside the stream and taken my impressions from its windings The stream by which I have walked is the Bible About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Voices of Spirit** Elwood Babbitt,Charles Hapgood,1992-05-02 In *Voices of Spirit* Charles Hapgood discusses fifteen years of work with Elwood Babbitt He relates the phenomenon of trance mediums to recent research in parapsychology and examines Babbitt s mediumship in depth Two long chapters devoted to the mechanics of spirit communication including the role of controls spirits closer to the earthly plane who guide the medium and a careful description of how images and spirit voices enter Babbitt s mind will fascinate both the curious skeptic and the believer Full length transcripts of communications which have come through trances are included in this volume *Voices of Pentecost* Vinson Synan,2003 Historian Vinson Synan has gathered sixty representative testimonies of the Spirit s power from the twentieth century Pentecostal movement and beyond Readers will discover the inspiring personal witnesses of such well known and diverse figures as Amy Semple McPherson Oral Roberts Billy Graham Jack Hayford Agnes Ozman Kenneth Hagin Pope John Paul II and many others Synan has also included a few pre twentieth century testimonies including John Wesley and Francis of Assisi Readers and serious students will value these accounts of people receiving the baptism of the Holy Spirit yielding to gifts such as tongues and prophecy and receiving healings and other gifts of the Spirit *Voices of the Spirit* George Matheson,2019-06-24 George Matheson a Scottish minister describes the aspects of the human spirit identifying some ninety five qualities and virtues expressed by the very essence of man Designed as a daily reference for Christians each of the chapters in this book explain a defining quality of the human spirit The human affinity for the divine the steps and character of spiritual attainment and the enormity of the spirit s power and capacity are but a few topics at hand Matheson variously places each chapter in a Biblical or a personal context quoting

relevant passages of scripture as an example or starting point for each chapter A gifted hymnwriter and preacher Matheson spent his life in service to God Though he gradually became blind during childhood and adolescence he demonstrated a gifted mind in studies of logic and philosophy His dream to become a minister was fulfilled and his ministry commenced in the coastal town of Innellan where his preaching was well received *Mystic Spirit Voice of the Hindoo "Senam,"* James Qallan Dixon, 1916

Voices of the Spirit. George Matheson, 2019-08-28 A thoroughly satisfactory book of devotional reading is always hard to find There is a certain flabbiness of thought and insipidity of sentiment about most books of this class that suggest the description spirituality and water There is too often a hectic flush on the piety depicted that is quite different from the glow of health This is the more to be regretted because good devotional reading is so very edifying it is always helpful but peculiarly so in the present state of the Church The tendency of our religious life is strongly utilitarian missions reforms improved methods and beneficence are the fruits of Christianity we boast of to day This is well but there is a very real and practical danger that we come to look on these activities as constituting our religion No doubt charity is the sweetest fairest fruit of Christianity but it is a fruit not the root The life that life from which all virtues grow is hid with Christ in God Whatever helps to draw us closer to that hidden source of life whatever helps to wrap the mantle of devotion about our face that we may reverently listen to the still small voice of the Holy Spirit is very helpful Dr Matheson has by his *Voices of the Spirit* added a contribution of real value to our slender store of books that are helpful to moments of devotion The purpose of the book is stated in the preface as an attempt to aid the moments of devotional life and the author adds I do not believe however that the moments of devotion are moments of mental vacancy the wings on which the spirit soars must always be wings of thought Inform the book is a series of short meditations on passages of Scripture in which the Holy Spirit is mentioned Each meditation begins with a clearly expressed idea not always drawn from the text but suggested by it through some association This leading idea is followed in not out to contemplation of personal need spiritual aspiration and prayer This is the almost invariable order and the transition is so simple and natural that we rarely mark where meditation ends and prayer begins In some cases the thought presented is very remotely connected with the text For example the text As a beast goeth down into the valley the Spirit of the Lord caused him to rest calls forth this Their the beasts rest is reached by unrest by movement downward Even so is thy spiritual rest It is only in the valley of humiliation that thou canst find it Thou art standing on the hill top of vanity etc The text And they were all filled with the Holy Ghost and began to speak with other tongues as the Spirit gave them utterance suggests this The great advantage of the Spirit is that it gives me a common language Before the Spirit comes I speak in my own tongue I cannot interpret the language of my brother But when I get the Spirit I get the thing called sympathy the power to feel with another These are beautiful thoughts but they are poetry not exegesis The Presbyterian and Reformed Review Volume *Hearing the Voice of the Holy Spirit* Frederick Asiedu, 2019-02-04 In the history of the Bible God spoke to His people through the Holy Spirit and it was very consistent Now
