**Song of Dewey Beard** Philip Burnham, 2014-10-01. The great Native American warriors and their resistance to the U.S. government in the war against the Plains Indians is a well-known chapter in the story of the American West. In the aftermath of the great resistance as the Indian nations recovered from war many figures loomed heroic yet their stories are mostly unknown. This long overdue biography of Dewey Beard ca. 1862-1955, a Lakota who witnessed the Battle of Little Bighorn and survived the Wounded Knee Massacre, chronicles a remarkable life that can be traced through major historical events from the late nineteenth into the mid twentieth century. Beard was not only a witness to two major battles against the Lakota, he also traveled with William Buffalo Bill Cody's Wild West show, worked as a Hollywood Indian, and witnessed the grand transformation of the Black Hills into a tourism mecca. Beard spent most of his later life fighting to reclaim his homeland and acting as old Dewey Beard, a living relic of the old West for the tourists. With a keen eye for detail and a true storyteller's talent, Philip Burnham presents the man behind the legend of Dewey Beard and shows how the life of the last survivor of Little Bighorn provides a glimpse into the survival of Indigenous America.

**Listening to Native American Voices from Wounded Knee, the Black Hills International Survival Gathering, and the Tlingit Banishment** Melanie S. Mason, 1998.

**Indians in Unexpected Places** Philip Joseph Deloria, 2004. Despite the passage of time, our vision of Native Americans remains locked up within powerful stereotypes. That's why some images of Indians can be so unexpected and disorienting. What is Geronimo doing sitting in a Cadillac? Why is an Indian woman in beaded buckskin sitting under a salon hairdryer? Such images startle and challenge our outdated visions, even as the latter continue to dominate relations between Native and non-Native Americans. Philip Deloria explores this cultural discordance to show how stereotypes and Indian experiences have competed for ascendancy in the wake of the military conquest of Native America and the nation's subsequent embrace of Native authenticity. Rewriting the story of the national encounter with modernity, Deloria provides revealing accounts of Indians doing unexpected things: singing opera, driving cars, acting in Hollywood, in ways that suggest new directions for American Indian history. Focusing on the late nineteenth and early twentieth centuries, a time when, according to most standard American narratives, Indian people almost dropped out of history itself, Deloria argues that a great many Indians engaged the very same forces of modernization that were leading non-Indians to reevaluate their own understandings of themselves and their society. He examines longstanding stereotypes of Indians as invariably violent, suggesting that even as such views continued in American popular culture, they were also transformed by the violence at Wounded Knee. He tells how Indians came to represent themselves in Wild West shows and Hollywood films, and also examines sports, music, and even Indian people's use of the automobile, an ironic counterpoint to today's highways teeming with Dakota pick-ups and Cherokee sport utility vehicles. Throughout, Deloria

shows us anomalies that resist pigeonholing and force us to rethink familiar expectations Whether considering the Hollywood films of James Young Deer or the Hall of Fame baseball career of pitcher Charles Albert Bender he persuasively demonstrates that a significant number of Indian people engaged in modernity and helped shape its anxieties and its textures at the very moment they were being defined as primitive These secret histories Deloria suggests compel us to reconsider our own current expectations about what Indian people should be how they should act and even what they should look like More important he shows how such seemingly harmless even if unconscious expectations contribute to the racism and injustice that still haunt the experience of many Native American people today *Medicine Bags and Dog Tags* Al Carroll,2008 As far back as colonial times Native individuals and communities have fought alongside European and American soldiers against common enemies *Medicine Bags and Dog Tags* is the story of these Native men and women whose military service has defended ancient homelands perpetuated longstanding warrior traditions and promoted tribal survival and sovereignty

**The Indian Historian** ,1974 **Since Predator Came** Ward Churchill,1995 This seminal collection of essays provides a devastating portrait of the condition of Native America From chronicling the genocide committed by European invaders to exposing the insidious means by which contemporary politicians and academics perpetuate the physical and cultural destruction of American Indians Churchill s incisive analysis and carefully documented critique comprise a demand for action These 18 essays serve as an excellent overview of the breadth and depth of Churchill s scholarship Ward Churchill Keetoowah Cherokee is a professor of American Indian studies at the University of Colorado at Boulder A member of the leadership council of the American Indian Movement of Colorado he is a past national spokesperson for the Leonard Peltier Defense Committee A prolific writer and lecturer he has authored co authored or edited more than 20 books **The Indigenous Voice** Roger Moody,1988 Extracts from published sources about oppression colonisation of indigenous peoples Dreaming dispossession massacres contemporary struggles the nuclear state mining and multinationals land rights racism education health sterilisation of women tourism women in the workforce outstations homelands movement The texts are written by indigenous peoples **A Soldier's Experience, Or A Voice from the Ranks** T.
